

Course Code PHS 203

Course Title Introduction to Public Health

What you will learn in this Course

This course consists of modules which are broken into units and a course guide. The course guide tells you briefly what the course is about, what course materials you will be using and how you can work on your own with these materials. There will be regular tutorial sessions.

Course Aims

The aim of this course is to provide you with an understanding of basics of public health. It aims to help you care for people with needs concerning health conditions.

Course Objectives

Each unit has specific objectives to guide you into the purpose of the study. You should read the objectives before you begin the study and ask yourself whether the objectives have been met after you are through with such unit.
