PREFACE

National Bibliography of Nigeria (NBN) is published by National Library of Nigeria (NLN) in line with the provisions of the National Library Act No 29 of 1970. The publication by virtue of the Act is expected to be a comprehensive and timely list of cultural material (books, journals, newspapers, archival materials, audio-visual resources, and government publications) published in Nigeria, by Nigerians and about Nigeria/Nigerians, irrespective of the formats (print and non-print). This publication contains supplementary list of bibliographic records for 2014 and 2015. It also includes retrospective list of bibliographic records for 2016 and 2017. The capacity of NLN to produce NBN as at when due has been consistently hampered, partly due to late compliance with legal deposit legislations by authors and publishers. Discussions with stakeholders are current underway on how retrospective NBN production could be stopped.

Production of this publication relied on UNESCO Micro CDS/ISIS library application software which we will soon replace with KOHA library management application software for cost-effective and timely delivery of NBN. However, the quality of this publication is of high standard in terms of professional compilation of the lists contained therein, legibility appeal and material used.

We look forward to witnessing an improved compliance level with legal deposit obligations which greatly influences the timely production of NBN, as we shall not relent in our efforts to remain competitive and relevant in the creation of access and retrieval of information resource.

With our very best wishes

Prof . Lenrie O. Aina

National Librarian

National Library of Nigeria.

ACKNOWLEDGEMENT

The Legal Deposit Department of the National Library of Nigeria (NLN) is saddled with the responsibility for the compilation of the National Bibliography of Nigeria (NBN). The NBN is a publication designed to meet the copy- cataloguing and selection needs of Libraries/Librarians and offer free visibility to the work of Authors, Publishers, Researchers and Policy Makers.

We sincerely express our gratitude to the Federal Government of Nigeria and the Honorable minister of Education, Adamu Adamu for the continued funding of NBN which is a statutory publication of listed published intellectual output by Nigerians.

Also, worthy of accolades is the Board and Management of the National Library of Nigeria especially, the National Librarian, Lenrie Olatokunbo Aina whose visionary leadership is determined to ensure that NBN is comprehensive and timely.

The contribution of Abdulazeez, Mistura and Oye, Omolara, who supervised the production, is not only commendable but exemplary. Equally important is the dedication and commitment of all staff, in particular the team work spirit of the Cataloguers headed by Modu Gubobe Bukar ably assisted by Aminu Faizah and Raji Meweabi. The commitment demonstrated by Luwa Suwaiba, Ekwuemuka Lauretta, Raji Abdul-Akeem and Fahm Abdul-Afeez in ensuring accurate data management, is also acknowledged.

We cannot fairly conclude without warmly appreciating the numerous authors and publishers who willingly complied with the Legal Deposit Legislation to make this publication possible.

On behalf of the National Librarian, we heartily thank you all.

NATIONAL BIBLIOGRAPHY OF NIGERIA, 2014-2017 EDITION

SCOPE

The National Bibliography of Nigeria (NBN) 2014-2017 is the list of all catalogued information resource materials in books, serials, pamphlets, Audiovisuals, etc. formats received under the Legal Deposit provision of the National Library of Nigeria Act, 29 of 1970. This edition contains one thousand eight hundred and eighty three (1883) entries.
All entries in this edition cover resource materials published in Nigeria about Nigeria by Nigerians and Nigerians in Diaspora.

ARRANGEMENT

NBN 2014-2017 is arranged in seven (7) sections via:

i. The Classified Sequence
ii. The Author, Title and Series Index
iii. The Subject Index
iv. New Serial Titles
v. List of Publishers and Printers
vi. Tables of Summaries (Statistics)
vii. Departments in the National Library of Nigeria

THE CLASSIFIED SEQUENCE SECTION

The classified sequence section provides bibliographic information for all listed items which are arranged using the Dewey Decimal Classification Scheme (DDC).

THE AUTHOR, TITLE & SERIES INDEX

The author, title and series index is arranged in one alphabetical sequence making it possible to trace an item using the author, the title or the s eries.

THE SUBJECT INDEX

One of the unique features of the NBN is the inclusion of an exhaustive “subject index”.
The subject index provides details of all aspects of the subject matter of the listed items in the classified
Sequence section. Each aspect of the subject is listed with a classification number. For example, books on any Subject and its related aspect can be located using the classification number from the “classified sequence section”. The subject index is arranged in an alphabetical sequence with their classification numbers. For example a book on Biology and its related fields are treated as follows:

Biology 570

Examination, questions, 570.76

Experiments 570.78

Problems, exercises, etc 570.76

Research - periodicals 570.7205

Study and teaching 570.7

Study and teaching (Secondary)570.712

CATALOGUING

The National Bibliography of Nigeria is compliant with both the Anglo-American Cataloguing Rules 2 (AACR2) and other standard texts for International Standard Bibliographic Description (ISBD) e.g:

i. Monographic Publication – 1978 (ii) Serials Publications 1981
ii. Cartographic Materials – 1982
iii. Non- Book Materials – 1982

DESCRIPTIVE CATALOGUING

Detailed information about the collation i.e. number of pages, volumes, kinds of Illustrations, size and series are given. The price and the International Standard Numbers (ISBN/ISSN/ISMN) are recorded.

TRACING

Using the Library of Congress List of Subject Headings, the subject analysis of each publication is provided on the next paragraph following the ISSN/ISBN, binding and price information. The subject headings are preceded by Arabic numerals. Other added entries i.e. additional author entries like joint authors and title information are numbered in Roman numerals. These are to be used in preparing headings for library catalogues and they indicate additional headings under which the publication may be represented and accessed in catalogues, e.g:

1. Business - Religious aspects

2. Christianity - Economic aspects

3. Wealth - Biblical teaching

I. Title.

NATIONAL BIBLIOGRAPHY OF NIGERIA (NBN)

A major requirement of the Universal Bibliographic Control (UBC) is the existence of effective facilities for the publication of a current national bibliography every year.

The existence of the National Bibliography of Nigeria dates back to 1950 when the University of Ibadan began the compilation of Nigerian Publications on the strength of the 1950 Publications Ordinance. The University of Ibadan was responsible for its production for two decades, 1950 – 1970.

The National Library of Nigeria charged by Decree No. 29 of 1970 section 2(2) commenced the production of the

National Bibliography of Nigeria which is the current national bibliography of this country.

It lists all books and publications in any format, irrespective of size or language that are published in Nigeria, about Nigeria or by Nigerians abroad and acquired by the National Library of Nigeria.

The National Bibliography of Nigeria (NBN) lists the catalogued entries of all Nigerian cultural material received under the Legal Deposit requirement during the year. In January, 1973, both the title and the frequency of the Nigerian Publications changed to National Bibliography of Nigeria (NBN) and is published monthly and quarterly but with annual accumulation.

The NBN has undergone significant changes over the years and can be said to have come of age in January

1975, when it adopted the International Standard Bibliographic Description (ISBD). It also adopted the Anglo- American Cataloguing Rules (AACR2) in 1982 for its cataloguing practices. In 2002, the first automated edition of the NBN was compiled using the UNESCO's Micro Computerized Development System /Integrated Set of Information System (CDS/ ISIS). Presently it is published as an annual accumulation with supplementary editions and also available in CD/ROM and PDF formats.

IMPORTANCE OF THE NBN

The NBN serves as a selection tool for library acquisitions. The production of NBN is in itself a very important bibliographic service for copy-cataloguing and the appearance of a new title in the NBN has far reaching market implications for the publisher. The production of the NBN is a unique bibliographic function which no other library or institution is given the opportunity to perform. It is an important contribution aimed at achieving Universal Bibliographic Control (UBC) and Universal Availability of Publications (UAP). It is circulated both nationally and internationally. Each annual accumulation includes author/title/series index, subject index, list of printers and publishers and statistical tables.

FACTS ON LEGAL DEPOSIT

1. HISTORICAL BACKGROUND

1.1 LEGAL DEPOSIT NIGERIA PUBLICATION ORDINANCE, 1950

Legal Deposit law in Nigeria had its origin in “1950 Publication Ordinance” which gave the University College Ibadan Library and the Secretariat Library in Lagos the right to collect two copies each of every book published in the country. Ibadan University Library soon undertook the publication of “Nigeria Publications”, the country's National Bibliography in 1953. All the regional governments also enacted their own depository provisions for publishers within their regions, to the regional Library Board. The Eastern Region Board Act of 1955 gave the right to Central Library, Enugu. Western Region enacted a similar act in 1957. The Northern Nigeria “Publication Law” enacted in 1964 also vested all deposit rights with the library of Ahmadu Bello University.

1.2 NATIONAL LIBRARY ACT OF 1964

The National Library Act was passed in 1964 but it failed to provide for the fulfillment of either the function of National depository or the publication of a National Bibliography. In section 7 (1) of the act, it is clearly stated, “This act may be cited as the National Library Act 1964 and shall apply to the Federal Territory only”. Looking
at this, it would appear that Nigeria had a National Library established by law which was neither a National depository nor could publish the National Bibliography of Nigeria. The Ibadan University continued to fulfill these functions under the provision of the publication ordinance of 1950.

1.3 NATIONAL LIBRARY ACT No. 29 of 1970

However, in 1970 The National Library Act was promulgated in which a real attempt was made to rectify the major short comings of the National Library Act of 1964 with emphasis on deposit obligations and bibliographical functions. The Act No. 29 of 1970 applies throughout the country and has supremacy over any Library laws of State Government in the event of conflicts. Under this Act, the National Library as the National Bibliography Agency of Nigeria was enjoined to receive three (3), twenty-five (25) and ten (10) copies of everything published in Nigeria by Private or Commercial publishers, Federal and State Agencies respectively within one month of publication at their own expense. A copy each of everything received will be sent to University of Ibadan Library for continuity. It is also noteworthy that the UNESCO guidelines for the collection of legal deposit materials is incorporated in the National Library Act of 1970 that is:

I. Visits to publishers' ii. Examinations of announcements and advertisements in national and local news papers

ii. Liaison with government departments and government printing offices.

iii. Establishment of an effective clerical routine of registration,

receipts, checks and follow ups.

2. WHO IS TO DEPOSIT?

There are three categories of

publishers specified in the Act:

Category 1: Private Publishers

Category 2: Federal Government:

Ministries, Parastatals and Agencies.

Category3: State Government:

Ministries, Parastatals and Agencies.

2.1 WHAT IS TO BE DEPOSITED?

c. Collective works such as Encyclopedias, Dictionaries, Yearbooks, Newspapers, Magazines and Periodicals.

d. All forms in which documentary or oral records are published". This means legal deposit is also for non- book materials, home videos, films, cassettes etc. and even electronic publications. The best copies of each publications should be deposited.

2.2 HOW MANY IS TO BE DEPOSITED

The number of copies of published materials to be deposited varies with the categories of publishers.

Private publishers are to deposit three (3) copies each of their publications. Federal government and its agencies are to deposit twenty-five (25) copies each of their publications.

State government and its agencies are to deposit ten (10) copies each of their Publications.

1.3 BENEFITS OF LEGAL DEPOSIT

iii. The legal deposit materials collected are processed and listed in the National Bibliography of Nigeria which is circulated both locally and internationally.

iv. The AUTHOR's name will be entrenched in the annals of the Nation's publication history.

v. THE PUBLISHER's name will be listed in the publisher's directory section of the National Bibliography

vii. The Legal Deposit award is an annual event designed to encourage publishers of books, serials and producers of audio visual materials who deposit works with the National Library of Nigeria promptly in accordance with the Legal Deposit Act 29 of 1970. The legal deposit award was instituted in 1994 by the National of Nigeria.
