**CYBERCRIMES (PROHIBITION, PREVENTION, ETC.)  
ACT, 2015**

**DESIGNATION AND PROTECTION OF CRITICAL NATIONAL  
INFORMATION INFRASTRUCTURE ORDER, 2024**

[24th Day of June, 2024]

Commence-  
ment

**In exercise of the powers conferred on me by section 3 of the Cybercrimes (Prohibition, Prevention, Etc.) Act, 2015 (as amended), and all other powers enabling me in that behalf, I, BOLA AHMED TINUBU, President, Federal Republic of Nigeria, make the following Order —**

Objectives

**1.—(1) The objectives of this Order are to —**

(a) designate certain Information and Communications Technology systems (ICT), networks and infrastructure operating in Nigeria, as Critical National Information Infrastructure (CNII) ;

(b) develop cohesive measures and strategies for the security and protection of CNII, and ensure their continued operation ;

(c) adopt proactive and holistic approach in the identification, security and protection of CNII ;

(d) reduce to the barest minimum, incidences capable of damaging, disrupting, or interfering with the operation, functionality, or integrity of CNII ; and

(e) ensure the effective functioning of ICT systems, networks, and infrastructure, which are critical to driving national imperatives, economic development, national security and defense, public health and safety, and government operations.

**2.—(1) Computer systems, networks, and communication infrastructures acquired, installed, deployed, and operated in sectors of the Nigerian economy listed in the Schedule to this Order are hereby designated as CNII.**

Designation  
of Critical  
National  
Information  
Infrastructure  
across  
identified  
sectors of  
the Nigerian  
economy

(2) The sectors of the Nigerian economy referred to in sub-paragraph (1) of this paragraph are —

(a) power and energy ;

(b) water ;

(c) information, communication, science and technology ;

(d) banking, finance and insurance ;

(e) health ;

(f) public administration ;

(g) education ;

(h) defense and security ;

- (i) transport ;
- (j) food and agriculture ;
- (k) safety and emergency services ;
- (l) industrial and manufacturing ; and
- (m) mines and steel.

(3) The National Security Adviser (NSA) may, with the approval of the President, update the list of sectors in the Schedule to this Order, taking into consideration emerging technologies and platforms, in line with the Cybercrimes (Prohibition, Prevention, Etc.) Act (“the Act”), and the National Cybersecurity Policy and Strategy (“the Policy”).

(4) Any update made pursuant to sub-paragraph (3) of this paragraph shall be published in the Federal Gazette.

Development  
of Critical  
National  
Information  
Infrastructure  
Protection  
Plan

3. The Office of the National Security Adviser (ONSA) shall, in collaboration with relevant CNII stakeholders, develop —

(a) a comprehensive Critical National Information Infrastructure Protection Plan (CNIIPP) ; and

(b) guidelines, specifying minimum standards, rules, and procedures for the protection, preservation and general management of designated CNII, for the approval of the President.

Establishment  
of Trusted  
Information  
Sharing  
Network

4.—(1) The ONSA shall, in collaboration with relevant CNII stakeholders, establish a Trusted information Sharing Network (TISN), as a multidisciplinary framework, comprising—

(a) owners and operators of CNII ;

(b) representatives from relevant Ministries, Departments, and Agencies of government (MDAs) ; and

(c) identified private sector organisations, to —

(i) build and execute awareness campaigns on risks to CNII,

(ii) share information and techniques required to assess and mitigate risks in a decentralised manner across sectors of the economy, and

(iii) implement capacity building initiatives to strengthen and mainstream resilience and protection of the infrastructure and networks.

(2) Members and entities within the TISN shall collaborate and share information on threats and vulnerabilities, and develop strategies and solutions to mitigate known and evolving risks.

Implementation  
of the  
CNIIPP and  
other  
Measures

5. The ONSA shall in collaboration with relevant CNII stakeholders, implement the CNIIPP and such other measures, as may be established, to prevent unauthorised access, disclosure, theft, vandalism, destruction, and unlawful interference with the operations of designated CNII in the various sectors of the Nigerian economy.

6. The ONSA shall periodically audit and inspect CNII to ensure compliance with the provisions of the Act, and any guideline or rule made pursuant to this Order.

Audit and inspection of CNII

7. Any person, who —

Offences against CNII

(a) without authorisation, and for fraudulent purposes, accesses in whole or in part, or tampers with any CNII ;

(b) intentionally, or for fraudulent purposes, does an act, which, directly or indirectly, hinders or interferes with the performance or functioning of a CNII ; or

(c) commits an unlawful act against any CNII, commits an offence, and is liable to such penalties as may be prescribed in Part of the Act.

8. This Order may be cited as the Designation and Protection of Critical National Information Infrastructure Order, 2024.

Citation

DATED this 24th day of June, 2024.

**BOLA AHMED TINUBU, GCFR**  
*President, Federal Republic of Nigeria*
