Transformation of data to quarterly series by Central Bank of Nigeria

Note: 1. Initial data gap indicates commencement period of rainfall data capturing in the particular station

2. Zero stands for no rainfall data capture or very negligible

Source: Central Bank of Nigeria

Notes: Time Reference Period refers to the Balance of Payments year: January - December

\*Total indicate the net positions as in 1970-1993

\*\*Minus (-) sign indicates increase in reserves while plus (+) sign indicates decrease in reserves

External reserves reported were converted into naira using the central exchange rate as against the table on Nigeria's external reserves position which used the end-period exchange rate

The data in this edition of the Statistical Bulletin features the latest revisions to the BOP tables for the various years

Sources: Central Bank of Nigeria  
 Notes: The Reference Year for the Balance of Payments year: January - December  
 \*Total indicate the net positions as in 1970-1993  
 \*\*Minus (-) sign indicates increase in reserves while plus (+) sign indicates decrease in reserves  
 External reserves reported were converted into naira using the central exchange rate as against the table on Nigeria's external reserves position which used the end-period exchange rate  
 The data in this edition of the Statistical Bulletin features the latest revisions to the BOP tables for the various years

Source: Central Bank of Nigeria  
Notes: Time Reference Period refers to the Balance of Payments year: January - December

\*Total indicate the net positions as in 1970-1993  
\*\*Minus (-) sign indicates increase in reserves while plus (+) sign indicates decrease in reserves  
External reserves reported were converted into naira using the central exchange rate as against the table on Nigeria's external reserves position which used the end-period exchange rate  
The data in this edition of the Statistical Bulletin features the latest revisions to the BOP tables for the various years
