The bursaries will be tenable at the University College, Ibadan, for courses beginning in October 1955. Scholarships will also be tenable at colleges and institutions in the United Kingdom for courses beginning in 1956.

2. The courses for which awards will be made will include—

(i) Professional degree courses (e.g., in Engineering, Medicine, etc.).

(ii) General degree courses in Arts or Science.

(iii) Teacher Training Courses (e.g., the Diploma in Education, Professional Teachers Certificate Course, etc.).

(iv) General nursing and midwifery and specialised branches of post-registration nursing (e.g., Ophthalmic Nursing, Tuberculosis nursing, Orthopaedic nursing, Ward Sister's or Sister Tutor's course, etc.).

(v) Miscellaneous specialist courses (e.g., domestic science and physical training).

3. Only candidates in the following categories will be eligible to apply for these scholarship and bursary awards financed by the Federal Government—

(i) Those born or permanently domiciled in the Federal Territory of Lagos and the Southern Cameroons ;

(ii) officers serving in Federal Departments and in branches of other departments or inter-territorial institutions for which the Federal Government is responsible ;

(iii) Those not born or permanently domiciled in Federal Territory, vide (i) above, nor serving Federal officers, vide (ii) above, but who wish to seek the requisite qualifications for ultimate appointment to the Federal Public Service in such senior administrative, executive or professional grades as the Federal Government determine.

(iv) existing staff of autonomous bodies for which the Federal Government is responsible, who are seeking further administrative, executive and professional training.

Candidates who are selected for awards under categories (i), (ii) and (iii) above will be required to sign an undertaking to serve or continue to serve the Federal Government on the completion of their courses.

4. In addition the Federal Government proposes to award, on the recommendation of the Ibadan University College Authorities, a limited number of State Scholarships tenable at the University College and selected on the results of the University College entrance examination.

WESTERN REGIONAL NOTICE No. 159

CORRESPONDENCE WITH COUNCILS ESTABLISHED UNDER THE
WESTERN REGION LOCAL GOVERNMENT LAW

It has been the practice in the past for correspondence with native authority councils to be directed through District Offices. With the establishment of local government councils in implementation of the Western Region Local Government Law, 1952, it is considered appropriate that this practice should be modified.

2. It is therefore proposed that the following procedure should now apply :—

(i) CORRESPONDENCE BETWEEN MINISTRIES AND LOCAL GOVERNMENT COUNCILS

(a) Any local government council that so desires may write direct to a Regional Ministry. Such letters should always be addressed to the Permanent Secretary of the Ministry.

(b) In view of the fact that, in many matters, the Minister concerned will require the Local Government Inspector's recommendations before replying to a council, much time will be saved if councils address the Permanent Secretary through the Assistant Local Government Inspector, in triplicate. It is hoped that councils will adopt this procedure as much as possible. They may if they wish endorse a copy direct to the Permanent Secretary concerned.

(c) Whenever a council addresses a Permanent Secretary direct, it should endorse two copies to the Assistant Local Government Inspector, stating in its letter that this has been done. The Local Government Inspector will in due course forward his comments, if any, to the Ministry concerned.

(d) As a general rule, an Assistant Local Government Inspector should always forward correspondence from a council addressed to a Ministry through the Local Government Inspector, and not direct. In cases of urgency, an Assistant Local Government Inspector may in his discretion address a Ministry direct. Such instances, however, should be rare.

(e) When a council addresses a Ministry through the Assistant Local Government Inspector/Local Government Inspector, the reply will normally be sent direct to the council, with copies to the Assistant Local Government Inspector and the Local Government Inspector.

(f) When a council addresses a Ministry direct, the reply will be sent through the Local Government Inspector, after a suitable interval has been allowed for the receipt of the comments referred to in (c) above. If the reply from the Ministry requires modification in the light of later developments, the Local Government Inspector will, of course, refer it back to the Ministry. Cases of this nature will be very rare, particularly if councils understand that they will in the long run save delay by routing their correspondence through the Assistant Local Government Inspector.

(ii) CORRESPONDENCE BETWEEN GOVERNMENT DEPARTMENTS (INCLUDING BOARDS ESTABLISHED BY THE WESTERN REGION GOVERNMENT) AND LOCAL GOVERNMENT COUNCILS

(a) Normal correspondence from Government Departments should be addressed direct to the local government council concerned.

(b) In the case of correspondence on more important, or urgent, matters, copies may be addressed to the Local Government Inspector or Assistant Local Government Inspector.

(iii) CORRESPONDENCE BETWEEN MEMBERS OF THE PUBLIC (INCLUDING COMMERCIAL FIRMS, UNIONS, SOCIETIES, ETC.) AND LOCAL GOVERNMENT COUNCILS

All correspondence from members of the public, commercial firms, unions, societies and similar bodies should be addressed direct to the local government council concerned.

3. In order to assist in the implementation of these proposals a schedule of local government councils already established is appended below opposite the name of the native authority council(s) which they have replaced. The address to which correspondence should be directed is indicated in the fourth column of this schedule.

WESTERN REGIONAL NOTICE No. 183

STATEMENT OF POLICY ON
NIGERIANISATION OF THE PUBLIC
SERVICE OF THE WESTERN REGION

The Government of the Western Region of Nigeria has given careful consideration to the policy to be followed with regard to the Nigerianisation of the Public Service, and this statement indicates the broad lines which will be followed in implementing that policy.

Firstly, the Western Region Government reaffirms the Statement made by the leaders of the Delegations at the Resumed Conference on the Constitution in Lagos and published on the 29th January, 1954, in which they expressed their determination to press forward with the Nigerianisation of the Civil Service, and declared their intention of fully safeguarding the interests of overseas officers who would continue in the future to serve in the Public Services of Nigeria. Secondly, the Regional Government states its intention of implementing the principle stated in the Statement that promotion should be according to qualifications, experience and merit, without regard to race. Thirdly, the Regional Government supports the principle that in the interests of efficiency there shall be no lowering of present standards of qualifications for entry into the Civil Service except when in special circumstances the Government is satisfied that it is in the public interest.

The question of Nigerianisation has to be considered against a present background of 329 senior staff vacancies out of an authorised establishment of 1,014 in the Regional Public Service. Over two-thirds of these vacancies are in the Agriculture, Education, Medical and Public Works Departments.

Control over recruitment is at present exercised by the "frigidaire" policy, whereby expatriation pay votes in respect of all vacant posts are "frozen" and cannot be released in respect of any particular vacancy except with the approval of the Regional Executive Council. With the setting up of the Public Service Commission under the Nigeria (Constitution) Order in Council, 1954, the need for this expedient is no longer considered necessary. The Public Service Commission has the duty of advising the Governor in the making of appointments to offices in the Public Service and will ensure that no non-Nigerian is appointed to a vacant post except by promotion from within the Service unless the Commission is satisfied that no suitable Nigerian is available.

This will be done by advertising all Senior Staff vacancies when necessary and by arranging for a certificate to be signed by the Director of Recruitment and countersigned by the Chairman or other members of the Commission in the following form:—

"I hereby certify that there is no suitable and qualified Nigerian candidate available for the post of....."

Director of Recruitment"

The Commission will then proceed to satisfy itself that the whole position has been explored and may call for further evidence if it is not so satisfied. This procedure will ensure that no non-Nigerian is appointed to the Regional Public Service until the Commission is satisfied beyond all reasonable doubt that no suitable Nigerian is available.

In future non-Nigerians will be recruited on contract terms when possible, unless it is in the public interest that the post should be filled forthwith and no non-Nigerian can be recruited on contract. In the meantime, however, in order to ensure continuity and efficient administrative machinery the Government has approved that up to 50 per cent of all senior staff vacancies outstanding at 1st January which the Director of Recruitment certifies cannot be filled by the end of 1955 by Nigerians may be filled on pensionable terms by non-Nigerians provided that such appointments are made before 31st December, 1955.

Contracts of suitable non-Nigerians will be renewed provided a vacancy exists.

All officers, Nigerians and non-Nigerians, will be eligible for promotion in the Public Service according to qualifications, experience and merit.

WESTERN REGION MARKETING BOARD

APPOINTMENT OF LICENSED BUYING AGENTS FOR THE 1955-56 COCOA SEASON

It is notified for general information that the Board is prepared to consider applications for appointment as licensed buying agents for the 1955-56 Cocoa season which will open about the beginning of October 1955 (the exact date will be notified later by publication in the *Western Region of Nigeria Gazette*).

2. Applicants will be required to produce evidence that they are likely to be able to fulfil the minimum conditions set out in the following paragraphs, which are based on :—

- (a) the normal functions which a licensed buying agent is required to perform ;
- (b) ability to purchase and handle a minimum purchase requirement of .25 per cent (i.e., one four-hundredth) of an average crop. This is felt to be the lowest possible figure of purchases compatible with orderly marketing and is taken as a quantity of 250 tons for an average season ;
- (c) average conditions as regards storage, evacuation, etc., ruling in past seasons.

3. *Functions of Licensed Buying Agents :*

The main functions which licensed buying agents will be required to perform on behalf of the Board are :—

- (a) to purchase Cocoa at buying stations at not less than the minimum prices ;
- (b) to bag and arrange for inspection in accordance with the regulations ;
- (c) to finance purchases and provide suitable storage until the time of shipment ;
- (d) to make returns of purchases and stocks as the Board or its duly authorised executive may require ;
- (e) to arrange for approved conveyance to port and for shipment in accordance with shipping instructions given by the Central Marketing Board or its duly authorised executive ;
- (f) to arrange for checkweighing and inspection at port in accordance with the regulations ;
- (g) to arrange for delivery of cocoa to ocean vessel and to hand without delay shipping documents as required to the Central Marketing Board or its duly authorised executive.

(c) *Capital.*—Applicants will be required to produce suitable banker's reference or guarantee acceptable to the Board as evidence of their ability to provide the minimum capital requirements necessary to fulfil the obligations of a licensed buying agent. The minimum capital requirement based on the 1954-55 season price is £9,000. This minimum capital requirement may however be adjusted in proportion to any increase or decrease in the producer price of cocoa announced by the Board before the opening of the 1955-56 Cocoa season and any such alteration will be taken into account in assessing an applicant's ability to finance purchases ;

(d) *Storage.*—Applicants must be able to provide evidence that they have proper storage available to cover at least a hundred tons of cocoa, and adequate port storage where appropriate ;

All stores must comply with the requirements of, and be approved by, the Western Regional Produce Inspection Service. It is the responsibility of the applicant to request in writing the Chief Produce Officer, Western Region, to inspect and approve his stores ;

The exploiter will also be required to maintain a sawmill in or near the Working Circle with an annual outturn capacity of not less than 50,000 cubic feet of sawn timber and must operate such a mill continuously throughout the period of the Agreement. WESTERN REGIONAL NOTICE No. 550

MINISTRY OF EDUCATION, WESTERN REGION APPLICATIONS FOR ADMISSION TO EDUCATIONAL INSTITUTIONS IN THE UNITED KINGDOM

Universities and most other educational institutions in the United Kingdom are continuing to insist upon intending students being recommended by their Governments before accepting them for admission. All persons therefore of Western Regional origin wishing to proceed to the United Kingdom for further studies at their own expense should, in their own interests, apply to the Permanent Secretary (Students' Division), Ministry of Education, Ibadan, for the necessary application forms. It is now too late to consider any new applications

for admission into institutions in the United Kingdom for this coming academic year but for the academic year commencing September/October 1956, intending students should arrange for their applications to be submitted to this Ministry by the dates given below for the various courses of study if the fullest advantage is to be taken of available placings—

(a) For the following courses of study commencing September/October 1956:—

(i) Degree Courses in Agriculture, Dentistry, Engineering, Pharmacy, Pure Science and Veterinary Science.

(ii) Teacher training courses (including Physical Training, Domestic Science, and Froebel and other kindergarten training).

(iii) Admission to Oxford and Cambridge.

Applications should be submitted *not later than 30th September, 1955*.

(b) For Pre-University Courses, Diploma Courses at Polytechnics, Institutes and Technical Colleges and courses other than Medical Studies and those listed at (a) above, commencing September/October 1956, applications should be submitted *not later than 30th November, 1955*.

(c) *Medical Schools*.—Since the entry lists to most Medical Schools close in the autumn previous to the year for which admission is desired, and the lists for 1956 have already closed, intending students are advised to submit applications for entry into Medical Schools in 1957 *not later than 1st May, 1956*.

Students are strongly advised that it is most undesirable to make direct applications to educational institutions and are warned that in their own interests they should not proceed to the United Kingdom without recommendation in the hope of securing a place but should wait until they are assured by this Ministry that a placing is available.

As soon as it is known that a student has been placed this Ministry will inform the local British Council Representative so that he can put the student in touch with organisations who may be able to help him and can discuss the question of his accommodation in the United Kingdom.

If a student decides to withdraw or to relinquish a place which has been obtained for him, he should report at once so that this Ministry may notify the University or College concerned of the position.

Students proceeding to Universities particularly Oxford and Cambridge, are reminded that they have to incur certain initial expenses, e.g., on the purchase of books and household equipment for their rooms and are advised to provide themselves with a small sum of money to cover such contingencies, which they might otherwise have difficulty in meeting out of the initial instalment of their allowance. Caution money, too, varying from £40 to £75 is payable on entering an Oxford or Cambridge College, although a greater part of this is eventually repayable when the Student goes down.

WESTERN REGIONAL NOTICE No. 602

MINISTRY OF EDUCATION, WESTERN REGION

The following is published for general information :—

UNITED NATIONS SPECIAL INTERNE
PROGRAMME FOR UNIVERSITY
STUDENTS AND GRADUATES

Introduction

Details are given below of a special Interne Programme of a year's duration, which is to be held at the Headquarters of the United Nations in New York, commencing 1st January, 1956.

It should be stressed that the sum of 42.50 dollars is barely adequate to cover the basic costs of living in New York.

A special United Nations Interne Programme for one year's internship, open to a group of about twenty qualified young men and women selected from all parts of the world, has been authorised by the General Assembly of the United Nations for the year 1955-56. The purpose of the programme is to enable holders of the internship to become intimately acquainted with the work of the United Nations through temporary assignments in various units of the Secretariat through a series of lectures on the United Nations, and through a work on special research projects. The United Nations will pay transportation costs to New York and return and a stipend of 42.50 dollars a week for the duration of the internship.

As a part of the programme, the internes will be expected to devote approximately one half of the time of the internship to assisting the Visitors Service of the Secretariat as guide-lecturers escorting groups of visitors on a Guided Tour of the Headquarters Buildings. The Guided Tour is an integral part of the Public Information Programme of the United Nations Secretariat, affording an opportunity to members of the general public to learn about the work of the United Nations. To the internes, assignment to the Guided Tour will provide an opportunity of making practical use of the knowledge and information they acquire about the United Nations, in describing the activities of the Organisation and in answering questions from the general public. This phase of the internship will also provide valuable experience in handling and addressing groups of people.

I.—Eligibility

- (1) Applicants must be citizens of Member States of the United Nations.
- (2) Candidates should be prepared to furnish evidence of having completed with distinction the academic requirements of at least two years in a recognised college or university.
- (3) Fluency in English is a prime requirement, in view of the preponderance of English-speaking visitors to the United Nations Headquarters.
- (4) The programme is open to candidates of either sex, between the ages of twenty to twenty-six, in good health and possessing, in addition to academic qualifications, the requisite qualities of character and personality.

II.—Conditions of Tenure

- (1) The internship is awarded for one full year from 1st January, 1956. The internship is now renewable.
- (2) The hours of work are normally from 9.30 a.m. to 6 p.m., five days a week. During assignment in the Visitors Service, internes will be required to

work on week-ends, with two days off during the working week.

(3) The interne will receive a paid vacation of two full weeks during the year, at the discretion of the Director of the Interne Programme.

(4) Holders of the internship will have the temporary status of staff members of the United Nations. As such they will be bound by the Staff Regulations and Staff Rules relevant to their special position. The duration of this status will be limited to the period of their internship. This temporary status will carry no expectancy of employment in the Secretariat of the United Nations.

(5) During the periods of assignment to the Visitors Service internes will wear the uniforms of the United Nations Guide Service, to be provided by the United Nations.

III.—Procedures for Selection

(1) Candidates for the Programme should apply in writing to Miss Barbour, Secretary, United Nations Student Association, 25 Charles Street, London, W. 1, before 30th October, 1955. In their letters they should state the relevance of the internship to their educational background and to their future career. They should also enclose evidence relating to the academic requirements and submit the names of three persons who are in a position to appraise their background and qualifications.

(2) Candidates should preface their applications with the following information :—

- A.—Name, age, sex, marital status, nationality.
- B.—Educational record, especially details of university or graduate courses. (*N.B.*—No original documents are required).
- C.—Description of military service in any capacity.
- D.—Resume of any employment record, including summer jobs.
- E.—A recent photograph or snapshot.
- F.—A summary of travel which the candidate may have undertaken.
- G.—A summary of linguistic ability, rating the speaking, reading and writing knowledge of each language as excellent, fair or poor.

(3) If the written submission meets the requirements of the internship, candidates will be invited to appear for a personal interview before a preliminary Selection Board meeting in London. Where distance or other factors indicated by the candidate preclude the possibility of a personal interview, other arrangements may be made.

(4) The results of this interview will be forwarded, together with the original letters of application, to the United Nations Interne Selection Board in New York. The decision of the Selection Board will be final. Successful candidates will be notified in due course by letter or telegram.

IV.—Travel and Residence Arrangements

(1) The United Nations will make all travel arrangements for successful candidates to New York and return upon the completion of the programme. The United Nations will also arrange for the necessary visa.

(2) Arrangements have been made for the internes to reside at International House in New York City. Subject to the prior approval of the Director of the Special Interne Programme, internes may make other residence arrangements.

WESTERN REGIONAL NOTICE No. 669

COMMONWEALTH FUND OVERSEA CIVIL SERVICE FELLOWSHIPS

The attached memorandum sets out the conditions of award of two Commonwealth Fund Overseas Civil Service Fellowships to be awarded in 1956. Officers who wish to be considered should notify their Head of Department before the 10th of October. Heads of Departments are requested to nominate not more than one officer, before the 15th of October, to the Controller of Establishments, Ministry of Finance. Application forms will then be sent to the officers who are to be recommended to the Secretary of State, for completion and return to the Ministry of Finance before the 31st of October. Since there are only two fellowships for the whole of the Overseas Civil Service competition will be very keen and Heads of Departments should exercise great care in selection and recommendation. Administrative Officers who wish to be considered should apply to their Residents or Permanent Secretaries, who are requested to forward such applications as they are able to recommend to His Honour the Deputy Governor before the 10th of October.

MEMORANDUM BY THE
COMMONWEALTH FUND, NEW YORK
FELLOWSHIPS FOR ADVANCED STUDY AND TRAVEL
IN THE UNITED STATES

Oversea Civil Service Fellowships :
British Programme, 1956

1. Two Fellowships are offered in 1956 to outstanding men and women holding appointments under the Governments of the British Colonies, Protectorates and Trust Territories, distant from the United States. This includes officers who are seconded to Local Government Service within the Colonial territories. An award requires that the candidate continue to be carried on the cadre of a Government service.

2. Candidates should be sufficiently expert to carry out a definite scheme of advanced study research, or enquiries related to a problem which is of importance to Government service and can be investigated to particular advantage in the United States. Officers with less than five years' service cannot normally be regarded as qualified for these Fellowships.

3. Candidates may be married or single ; but they should not have attained the age of forty on the 1st September of the year of award.

4. No one is eligible who has already worked or studied in the United States for more than a few months.

5. Candidates are required to give an undertaking that, if elected, they will complete the tenure of their Fellowship ; resignation will be permitted only for the strongest reasons. A candidate is also required to agree that when his Fellowship has terminated, he will return to Government or Local Government Service in some part of the British Commonwealth, for not less than two years.

6. An interview with the Committee of Award in London will not be required. All selected candidates, however, will be required to undergo medical examination as a qualification for election. Examinations may be made in the region from which a candidate applies, to be assessed by the Fund's

medical adviser in London. The Fund will supply the medical form for this purpose and bear the expenses of the examination, including chest X-ray. Recent vaccination against smallpox is demanded by the American authorities.

Conditions of Tenure

7. Overseas Civil Service Fellowships are tenable for a minimum period of nine months and a maximum period of fifteen months. Fellows are normally expected to arrive in the United States in September of the year of award.

8. A Commonwealth Fund Fellowship is not tenable with a fellowship or scholarship of any other foundation established for a similar purpose. Candidates should inform the Committee of Award of any application for other fellowships or of any conditional acceptances of fellowships or posts in the United States. During tenure a Fellow may not render services, seek employment or solicit funds in the United States.

9. An Overseas Civil Service Fellow will not be required to reside continuously at any one place ; he will be free to visit, with the approval of the Fund, institutions, universities, departments or districts appropriate to his field of study. He may be permitted to change his scheme of work or to receive leave of absence for reasons accepted by the officers of the Fund. A Fellowship may be terminated by the Commonwealth Fund if in the opinion of its officers a Fellow is not observing or has not observed the obligations compatible with the purposes and nature of these Fellowships.

10. To advance his studies and his understanding of the country, a Fellow is required to travel in the United States for at least two to three months during his tenure of the Fellowship. Travel plans are to be formulated in consultation with the Fund after the Fellow's arrival.

11. A Fellow shall render a report on his work and experience in the United States within three months of the completion of the Fellowship.

Emoluments

12. The emoluments are intended to cover the dollar requirements of the Fellow for travel, residence and study in the United States. It is expected that the Fellow's home obligations, including normal superannuation contributions, etc., will continue to be covered by his Government Department. He will be granted leave with full pay, so that :

(a) the period of absence will count for increment and pension ;

(b) if an established officer is permanently incapacitated or dies during tenure of his Fellowship, he or his dependents will be treated for pension or gratuity purposes as if he had been still serving in the Overseas Civil Service at the time. The dollar allowances are made up as follows :

(a) The cost of the Fellow's travel (but not his wife's or child's) from the Fellows' home to the United States and return, including 500 dollars for round-trip transatlantic passages ;

(b) An equipment and book allowance of 200 dollars, payable in New York on arrival, also tuition and similar fees incurred by the Fellow in course of his approved programme ;

(c) A basic allowance of 1,000 dollars for travel in the United States. A supplementary allowance of not more than 100 dollars per month may be granted to cover those periods (outside the

required three-months travel period mentioned in paragraph 11 above) during which a Fellow's programme calls for extra travel or frequent changes of residence ;

(d) A living allowance of 300 dollars per month for a period not exceeding fifteen months ;

(e) If, on a plan approved by the New York officers of the Fund, a Fellow is joined in the United States by his wife for a part of his Fellowship, an additional allowance of up to 450 dollars will be made (at the rate of 150 dollars a month for three months).

13. According to present Treasury regulations, a single Fellow or a married Fellow who is unaccompanied by his wife may not convert any part of his British salary into dollars. A married Fellow may apply to the local Exchange Controller for a special allowance of dollars to cover the expenses of his wife and family if they should join him in the U.S.A.

14. A married Fellow who wishes to take his wife with him to the United States must do so at his own expense. Apart from the extra allowance mentioned in paragraph 13 (e) above, the Fund cannot assume responsibility for a Fellow's family. Because of housing shortages in many localities and high and rising costs of living, a Fellow should not bring his wife, still less his wife and child, without a plan for accommodation and support, approved in advance by the New York officers of the Fund. A married Fellow is well advised not to make arrangements for his wife to join him in the United States before his main travel period (normally in the summer months).

Applications and Information

15. Applications should be submitted on the attached form (with supporting papers mentioned in paragraph 13 of the application form), forwarded through, and with the endorsement of the Government under which the candidate holds his appointment. Applications should reach the Colonial Office on or before 18th November, 1955, for forwarding to the Warden of Harkness House not later than 1st January, 1956.

Reports from the candidate's three referees, who should be directly acquainted with him in his recent career (see paragraph 12 of application form), will be placed before the Committee of Award. The Warden will be glad to receive such reports direct from the referees at the candidate's request, at any time after the official Government endorsement of the candidate's papers.

16. Successful candidates will be notified by the end of March 1956, and will be sent a copy of the medical form (see paragraph 6 above).

17. If a Fellow passes through London on his way to the United States, he is invited to call at Harkness House and on the Oversea Service Division of the Colonial Office for any final advice.

WESTERN REGIONAL NOTICE No. 700

RECRUITMENT TO THE PUBLIC SERVICE OF THE NORTHERN REGION

It is the declared policy of the Government of the Northern Region to staff as soon as possible all pensionable posts in its public service with Northerners. In view of the shortage of qualified Northerners, it will be some time before Government's intention is achieved.

2. Instructions with a view to implementing this policy have been given by the Governor to the Public Service Commission, Heads of Departments and Residents. These instructions are in the following terms:—

(1) Certain posts will in no circumstances be given to any person who is not a Northerner; examples of such posts are Telephone Attendant, Messenger, Motor-driver, Ungraded Teacher, Forest Guard, Veterinary Inoculator, Chainman and Press Attendant.

(2) (i) Certain posts graded higher than those in (1) above will be given to non-Northerners only if the Public Service Commission is satisfied that no qualified Northerners are available; examples of such posts are Clerical Assistant, Technical Assistant, Irrigation Overseer, Dental Assistant, Mechanical Assistant, Hides and Skins Instructor, Driver-Mechanic, and all posts graded the same as Third-class Clerk, such as

Agricultural Assistant, Co-operative Inspector, Teacher Grade IV, Forest Assistant, Sanitary Inspector, Engineering Assistant and Veterinary Assistant.

(ii) If a non-Northern Nigerian or African from outside Nigeria is offered one of these posts, the offer will be for a contract, not a pensionable appointment. The offer will be for a contract of five years only in the first instance, though it may be renewable in certain circumstances; the salary will be the normal salary attached to the post together with a sum equal to 10 per cent of this salary which will be payable as a "contract addition"; further, on the satisfactory completion of this contract service, the officer will be entitled to a gratuity at the rate of 2½ per cent of his annual salary for each completed three months' service. Other conditions of service will be the same as those applicable to Northerners holding pensionable posts. Promotion and advanced training courses may be given to deserving officers irrespective of their tribal or racial origin, and irrespective of whether they were recruited before or after these directions were issued.

(iii) The qualifications for entry to the standard grade posts, for example Third-class Clerk, will be the School Certificate, but recruits will be accepted into a grade with a lower starting salary with opportunities for transfer at a later date to the standard grade. The details of qualifications required for appointment to these posts will be published later.

(3) In regard to the more senior posts such as require post-secondary and/or University education, the Public Service Commission has been instructed to consider candidates in the following order of preference:—

(i) Northerners,

(ii) Expatriates,

(iii) Non-Northern Nigerians, who will be offered only contract appointments.

(4) Appointments to all posts of the grade of Third-class Clerk and above will be made by the Governor himself acting in his discretion after considering the advice of the Public Service Commission.

3. There are a large number of vacancies in nearly every post in every department in the public service of the Northern Region. Details will be published later, but applications from Northerners, non-Northerners and expatriates for appointment on the conditions outlined above will be dealt with as a matter of urgency as soon as received. It is, however, the policy of Government not to fill the gaps in Government service by withdrawing the best material from the Native Administrations, but suitable candidates may always apply for advertised vacancies and the Native Authority's and Resident's recommendations regarding release will be given due consideration by the Public Service Commission before making a final recommendation to the Governor.

4. Applications for appointment should be addressed to the Secretary, Public Service Commission, Northern Region, Kaduna, on the approved form. Northern candidates who have the qualifications necessary for the post for which they apply will be interviewed in their own Provinces by

Committees on which two respected Northerners will be serving. Candidates from other Regions with the requisite qualifications will be interviewed in Kaduna or as otherwise instructed.

5. The instructions contained in paragraph 2 apply only to recruitment. They do not apply to the promotion of existing staff, for which all serving officers, whether they are Northern or not, will have equal opportunities.

WESTERN REGIONAL NOTICE No. 701

MINISTRY OF EDUCATION, WESTERN REGION

ISSUE OF TEACHERS' CERTIFICATES IN THE WESTERN REGION

As a result of the constitutional change which took effect on 1st October, 1954, the award of teachers' certificates of all grades has become, in the Western Region, the responsibility of the Ministry of Education. This means that teachers who qualify within the Region after that date will receive a Western Region Certificate authorised by the Honourable the Minister for Education.

2. There are however, teachers who qualified before 1st October, 1954 and who have not yet received their certificates. Such teachers will be given the old form of certificate. As the Examinations Branch of the Chief Federal Adviser's office in Lagos has closed down, arrangement has been made for the certificates to be issued by the Ministry of Education, Ibadan.

3. Application forms on which teachers can apply for their certificates will be distributed to all Provincial Education Offices and to Proprietors. These forms should be filled only by teachers who qualified before 1st October, 1954 and are teaching in Western Region schools. Teachers who qualified as a result of the 1954 examination need not apply. Their certificates will be issued as a matter of course.

4. Completed forms should be posted to the Director of Education, Western Region, Examinations Branch, Ibadan, to reach him between now and 31st December, 1955. Applications received after this date will be discontinued unless there is special reason.

WESTERN REGIONAL NOTICE No. 721

MINISTRY OF EDUCATION, EASTERN REGION
APPLICATION FOR ADMISSION TO
EDUCATIONAL INSTITUTIONS
IN THE UNITED KINGDOM

Educational institutions in the United Kingdom insist upon intending students being recommended by their Governments before accepting them for admission. It is, therefore, necessary that all persons of Eastern Region origin wishing to proceed to the United Kingdom at their own expense should, in their own interest, apply to the Secretary, Students' Advisory Committee, Ministry of Education, Enugu, for the necessary application forms. Applications from intending students must be received in this office by the dates given below for the various courses of study if the fullest advantage is to be taken of available placings :-

(a) For the following courses commencing in September and October, 1956, applications should be submitted not later than 30th of November, 1955 :-

(i) Degree courses in Agriculture, Dentistry, Engineering, Pharmacy, Pure Science and Veterinary Science.

(ii) Teacher Training Courses (including Physical training, Domestic Science, and Froebel and other Kindergarten training).

(iii) Admission to Oxford and Cambridge.

(b) For the pre-University Courses and Diploma Courses at Polytechnics, Institutes and Technical Colleges and courses other than medical studies and those listed at (a) above, commencing September to October, 1956, applications should also be submitted not later than 30th November, 1955 :-

(c) *Medical Schools.*—Admissions to medical schools in the United Kingdom are secured by the Director of Nigerian Students in London after the students have obtained the necessary qualifications. Entry lists to most medical schools close in the Autumn previous to the year for which admission is desired and all applications must be submitted at least eighteen months earlier. Applications for admission in 1957 must be received not later than 1st May, 1956.

It is of no avail to apply direct to educational institutions all of which refer such applications to the Students' Advisory Committee. Moreover, students without passports will only obtain them on the recommendation of the Student's Advisory Committee. Students with passports are warned that, in their own interests, they should *not* proceed to the United Kingdom without recommendation

in the hope of securing a place but should wait until they are assured by this Ministry that a place is available for them.

As soon as it is known that a student has been placed this Ministry will inform the local British Council Representative so that he can put the student in touch with organisations who may be able to help him and can discuss the question of his accommodation in the United Kingdom.

If a student decides to withdraw or to relinquish a place which has been obtained for him, he should report at once so that this Ministry may notify the University or College concerned of the position.

Nursing Students.—Prospective nursing students are free to make their own arrangements with the hospital of their choice for admission and accommodation. Eastern Regional students, however, are required to apply to this Ministry for recommendation for passports, after they have secured admissions overseas. Under no circumstances should direct application for passport be made to the Principal Immigration Officer in Lagos, since such application would eventually be referred to the Students' Advisory Committee for recommendation.

TO EDUCATIONAL INSTITUTIONS IN
THE UNITED KINGDOM

Universities and most other educational institutions in the United Kingdom are continuing to insist upon intending students being recommended by their Governments before accepting them for admission. All persons therefore of Western Regional origin wishing to proceed to the United Kingdom for further studies at their own expense should, in their own interests, apply to the Permanent Secretary (Students' Division), Ministry of Educa-

tion, Ibadan, for the necessary application forms. It is now too late to consider any new applications for admission into institutions in the United Kingdom for this coming academic year but for the academic year commencing September/October 1956, intending students should arrange for their applications to be submitted to this Ministry by the dates given below for the various courses of study if the fullest advantage is to be taken of available placings—

(a) For the following courses of study commencing September/October 1956 :—

(i) Degree Courses in Agriculture, Dentistry, Engineering, Pharmacy, Pure Science and Veterinary Science.

(ii) Teacher training courses (including Physical Training, Domestic Science, and Froebel and other kindergarten training).

(iii) Admission to Oxford and Cambridge.

Applications should be submitted *not later than 30th September, 1955.*

(b) For Pre-University Courses, Diploma Courses at Polytechnics, Institutes and Technical Colleges and courses other than Medical Studies and those listed at (a) above, commencing September/October 1956, applications should be submitted *not later than 30th November, 1955.*

(c) *Medical Schools.*—Since the entry lists to most Medical Schools close in the autumn previous to the year for which admission is desired, and the lists for 1956 have already closed, intending students are advised to submit applications for entry into Medical Schools in 1957 *not later than 1st May, 1956.*

Students are strongly advised that it is most undesirable to make direct applications to educational institutions and are warned that in their own interests they should *not* proceed to the United Kingdom without recommendation in the hope of securing a place but should wait until they are assured by this Ministry that a placing is available.

As soon as it is known that a student has been placed this Ministry will inform the local British Council Representative so that he can put the student in touch with organisations who may be able to help him and can discuss the question of his accommodation in the United Kingdom.

If a student decides to withdraw or to relinquish a place which has been obtained for him, he should report at once so that this Ministry may notify the University or College concerned of the position.

Students proceeding to Universities particularly Oxford and Cambridge, are reminded that they have to incur certain initial expenses, *e.g.*, on the purchase of books and household equipment for their rooms and are advised to provide themselves with a small sum of money to cover such contingencies, which they might otherwise have difficulty in meeting out of the initial instalment of their allowance. Caution money, too, varying from £40 to £75 is payable on entering an Oxford or Cambridge College, although a great part of this is eventually repayable when the Student goes down.

WESTERN REGIONAL NOTICE No. 904

WESTERN REGION MARKETING BOARD
1956 SPECIAL GRADE PALM OIL
MARKETING SCHEME
MINIMUM PRODUCER PRICES

It is notified for general information that the Western Region Marketing Board, by virtue of its powers under section 16 (a) of the Western Region Marketing Board Law (No. 10 of 1954), has fixed the prices set out in Column II of the Schedule subjoined as the minimum prices payable for special grade palm oil during 1956 at gazetted buying stations in the Western Region specified in Column I.

2. The minimum prices are based as in previous years on the naked ex-scale Bulk Oil Plant price less the appropriate cost of transport by the approved normal evacuation routes. Where applicable, the middlemen's allowance of £1 4s 9d per ton has been taken into account in calculating the buying station prices.

PRODUCE SALES TAX

3. Under the provisions of the Sale of Produce (Taxation) (Western Region) Order in Council, 1953, made under the Sale of Produce (Taxation) Ordinance, 1953, all sales of special grade palm oil made in the Western Region to the licensed buying agents of the Western Region Marketing Board are subject to produce sales tax at the rate of £1 per ton.

4. For purposes of collection of this tax, for which under the Sale of Produce (Taxation) Ordinance, 1953, the Marketing Board is accountable to the appropriate regional authority in respect of all sales of special grade palm oil made to it or to its licensed buying agents in the Region, the arrangements as set out in paragraph 5 are prescribed.

5. The prices payable by licensed buying agents of the Marketing Board for special grade palm oil in the Western Region will take into account the incidence of produce sales tax and will accordingly be at the rates set out in Column III of the Schedule subjoined (being the minimum buying station prices fixed by the Marketing Board reduced by the amount of the produce sales tax).
