## PREFACE

National Bibliography of Nigeria (NBN) is published by National Library of Nigeria in line with the provision of the National Library Act No 29 of 1970. The publication by virtue of the Act is expected to be a comprehensive, systematic and timely listing of Intellectual resources (books, journals,) published in Nigeria, by Nigerians and about Nigeria/Nigerians irrespective of the format (print and non-print).

This particular edition contains bibliographic records of published intellectual work deposited to the National Library of Nigeria during the lock down orchestrated by the COVID 19 pandemic.

This is aimed at ensuring that NBN continues to serve as reliable copy-cataloguing and selection tools with extended options for libraries and librarians. Also, the visibility NBN offers the authors and publishers would also be enhanced. It is our hope that Nigeria's contribution to Universal Bibliographic Control and Universal Availability of Publication will be more robust and far-reaching.

The arrangement of content and quality of print are remarkable improvements from the last edition with regards to author, title, series and subject indexes, legibility appeal and quality of paper used. This edition, which is the 67<sup>th</sup> annual publication and 19<sup>th</sup> automated publication was produced using the UNESCO Micro CDS/ISIS library application software.

Therefore, PDF format of this edition will be available for download at a fee.

With our very best wishes

**Prof. Chinwe Veronica Anunobi**  
***National Librarian***  
***National Library of Nigeria.***

## **ACKNOWLEDGEMENT**

The Legal Deposit Department of the National Library of Nigeria (NLN) is saddled with the responsibility for the compilation of the National Bibliography of Nigeria (NBN). The NBN is a publication designed to meet the copy- cataloguing and selection needs of Libraries/Librarians and offer free visibility to the work of Authors, Publishers, Researchers and Policy Makers.

We sincerely express our gratitude to the Federal Government of Nigeria and the Honorable Minister of Education, Adamu Adamu for the continued funding of NBN which is a statutory publication of listed published intellectual output by Nigerians.

Also, worthy of accolades is the Management of the National Library of Nigeria especially, the National Librarian, Prof. Chinwe Veronica Anunobi whose visionary leadership is determined to ensure that NBN is comprehensive and timely.

The contribution of Oye, Margaret Omolara who supervised the production, is not only commendable but exemplary. Equally acknowledged the dedication and commitment of all staff, in particular the team work spirit is also acknowledged.

We cannot conclude without warmly appreciating our external editors in persons of Abdulazeez M. Kikelomo head of branch NLN FCT and Okafor Godwin a retiree for their immense contribution towards the actualization of the 2020 edition.

Worthy of note is the contributions of numerous authors and publishers whose willing compliance with the Legal Deposit Legislation during the COVID 19 lock down, led to the great success of this publication.

On behalf of the National Librarian, we heartily thank you all.

## **SCOPE**

The National Bibliography of Nigeria (NBN) 2020 edition is the list of all catalogued information resource materials in books, serials, pamphlets, Audiovisuals, etc. formats received under the Legal Deposit provision of the National Library of Nigeria Act, 29 of 1970. This edition contains five hundred and forty (540) entries.

All entries in this edition cover resource materials published in Nigeria about Nigeria by Nigerians and Nigerians in Diaspora.

## **ARRANGEMENT**

NBN 2020 Edition is arranged in seven (7) sections via:

- i. The Classified Sequence
- ii. The Author, Title and Series Index
- iii. The Subject Index
- iv. New Serial Titles
- v. List of Publishers and Printers
- vi. Tables of Summaries (Statistics)
- vii. Departments in the National Library of Nigeria

## **THE CLASSIFIED SEQUENCE SECTION**

The classified sequence section provides bibliographic information for all listed items which are arranged using the Dewey Decimal Classification Scheme (DDC).

## **THE AUTHOR, TITLE & SERIES INDEX**

The author, title and series index is arranged in one alphabetical sequence making it possible to trace an item using the author, the title or the series.

## THE SUBJECT INDEX

One of the unique features of the NBN is the inclusion of an exhaustive “subject index”.

The subject index provides details of all aspects of the subject matter of the listed items in the classified

Sequence section. Each aspect of the subject is listed with a classification number. For example, books on any Subject and its related aspect can be located using the classification number from the “classified sequence section”. The subject index is arranged in an alphabetical sequence with their classification numbers.

For example a book on Biology and its related fields are treated as follows:

Biology 570

Examination, questions, 570.76

Experiments 570.78

Problems, exercises, etc 570.76

Research - periodicals 570.7205

The subject headings are preceded by Arabic numerals. Other added entries i.e. additional author entries like joint authors and title information are numbered in Roman numerals. ## **THE NATIONAL BIBLIOGRAPHY OF NIGERIA (NBN) Division**

A major requirement of the Universal Bibliographic Control {UBC} is the existence of effective facilities for the publication of current national bibliography every year. The existence of national bibliography of Nigeria dates back to 1950 when the University of Ibadan began the compilation of Nigerian publications on the strength of the 1950 Publications Ordinance Law which lasted for two decades 1950 – 1970

The National Library of Nigeria charged by decree No. 29 of 1970 section 2 {2} commenced the productions of National Bibliography of Nigeria which is most current.

It lists all books and publications in any format, irrespective of size or language that are published in Nigeria, about Nigeria or by Nigerians abroad and acquired by the National Library of Nigeria. The National Bibliography of Nigeria (NBN) lists the catalogued entries of all Nigerian cultural materials received under the legal deposit requirement during the year. In January 1973 both the titles and frequency of the Nigerian publication changed to National Bibliography of Nigeria (NBN) and is published monthly and quarterly but with annual accumulation.

The NBN has undergone significant changes over the years and can be said to have come of age in January, 1975 when it adopted the international Standard Bibliographic Description {ISBD}. It also adopted the Anglo-American Cataloguing Rules {AACR2} in 1982 for its cataloguing practices. In 2002, the first automated edition of the NBN was compiled using the UNESCO's micro computerized development System {CDS {ISIS}. Presently it is published as an annual accumulation with supplementary editions and also available in CD-ROM and PDF formats.

### **Importance of the NBN**

The NBN serves as a selection tool for library acquisitions. The production of NBN is in itself a very important bibliographic service for copy-cataloguing and the appearance of a new title in the NBN has far reaching market implications for the publishers. The production of the NBN is a unique bibliographic function which no other library or institution is given the opportunity to perform. It is an important contribution aimed at achieving Universal Bibliographic Control {UBC} and Universal Availability of Publication {UAP}. It is circulated both nationally and internationally. Each annual accumulation includes author/title/series index, subject index, list of printers and publishers and statistical tables.

### **Activities of the Receipt and Documentation Division**

The Receipt and Documentation Division is comprised of three sections: Monographs Receipt and Documentation Section; Serials, Receipts and Documentation Section; and Zonal Coordination section. The major function of the division is to collect Legal Deposit (prints and non – prints material) from private/commercial, federal and state government agencies. Thus, in -line with its objectives, the division:

- (a) Collects and acknowledges receipt of legal points;
- (b) Records and distributes collected legal deposit to designated state branches;

The memo emphasized the need for efficient and effective provision of information resources and services for tertiary institutions, especially the Open University and Distance Learning programme in Nigeria. It also pointed out that the library, as an institution, is evolving from the traditional to the Virtual Library as a global trend and called for concerted efforts to be made for relevant virtual library information resources and services that would be accessible and responsive to the intellectual needs and interest of tertiary institutions, especially the Open University and Distance Learning Programme. It further pointed out that the NLN, the apex library and benchmark for library and information services, is expected to operate, manage, coordinate and sustain the National Virtual Library. Clearly, the memorandum ended up calling for the establishment of a National Virtual Library which gave birth to the creation of the Virtual Library Department by the NLN in 2009.

In reaction to the memoranda (Efficient and effective provision of information resources and services for tertiary institutions, especially the Open University and Distance Learning programme"), as presented by the NLN at the National

Council on Education (NCE) held at Kastina, Kastina State in 2007, the Council, noted the need to address the poor state of many academic libraries in Nigeria and the attendant negative impact on the educational system thus the need to provide up-to-date information for faculty staff and students of institutions of higher education; and the capacity provided by the modern Information and Communication Technology (ICT) to reverse the trend. For the way forward, as demanded by the memorandum, the Council urged for the:

- I. Establishment of National Virtual Library for all institutions of higher education, to be domiciled in the NLN with two complementary aspects:
  - a. Cooperative subscription to foreign databases to gain from economies of scale
  - b. Creation of local content to enrich and also contribute to the pool of world knowledge;
- II. NLN to set up and coordinate, as a matter of urgency the online National Union Catalogue to facilitate resource sharing among institutions of higher education;
- III. Universal Service Provision Fund (USPF) and Petroleum Technology Development Fund (PTDF) to support the provision of internet connectivity in all academic libraries and portals, and cooperative subscription to online full text bibliographic and statistical data bases which are then made available to all institutions of higher education;
- IV. NUC, NBTC AND NCCE to provide funds for cooperative subscription to online, full text, bibliographic and statistical databases which are then made available to all institutions of higher education;

# **FACTS ON LEGAL DEPOSIT**

## **1. HISTORICAL BACKGROUND**

### **1.1 LEGAL DEPOSIT NIGERIA PUBLICATION ORDINANCE, 1950**

Legal Deposit law in Nigeria had its origin in “1950 Publication Ordinance” which gave the University College Ibadan Library and the Secretariat Library in Lagos the right to collect two copies each of every book published in the country. Ibadan University Library soon undertook the publication of “Nigeria Publications”, the country’s National Bibliography in 1953. All the regional governments also enacted their own depository provisions for publishers within their regions, to the regional Library Board. The Eastern Region Board Act of 1955 gave the right to Central Library, Enugu. Western Region enacted a similar act in 1957. The Northern Nigeria “Publication Law” enacted in 1964 also vested all deposit rights with the library of Ahmadu Bello University.

### **1.2 NATIONAL LIBRARY ACT OF 1964**

The National Library Act was passed in 1964 but it failed to provide for the fulfillment of either the function of National depository or the publication of a National Bibliography. In section 7 (1) of the act, it is clearly stated, “This act may be cited as the National Library Act 1964 and shall apply to the Federal Territory only”. Looking at this, it would appear that Nigeria had a National Library established by law which was neither a National depository nor could publish the National Bibliography of Nigeria. The Ibadan University continued to fulfill these functions under the provision of the publication ordinance of 1950.

### **1.3 NATIONAL LIBRARY ACT No. 29 of 1970**

However, in 1970 The National Library Act was promulgated in which a real attempt was made to rectify the major shortcomings of the National Library Act of 1964 with emphasis on deposit obligations and bibliographical functions. The Act No. 29 of 1970 applies throughout the country and has supremacy over any Library laws of State Government in the event of conflicts. Under this Act, the National Library as the National Bibliography Agency of Nigeria was enjoined to receive three (3), twenty-five (25) and ten (10) copies of everything published in Nigeria by Private or Commercial publishers, Federal and State Agencies respectively within one month of publication at their own expense. A copy each of everything received will be sent to University of Ibadan Library for continuity. It is also noteworthy that the UNESCO guidelines for the collection of legal deposit materials is incorporated in the National Library Act of 1970 that

- i. Visits to publishers' ii. Examinations of announcements and advertisements in national and local news papers
- ii. Liaison with government departments and government printing offices.
- iii. Establishment of an effective clerical routine of registration, receipts, checks and follow ups.

## **2. WHO IS TO DEPOSIT?**

There are three categories of publishers specified in the Act: Category 1: Private Publishers  
 Category 2: Federal Government: Ministries, Parastatals and Agencies.  
 Category3: State Government: Ministries, Parastatals and Agencies.

### **2.1 WHAT IS TO BE DEPOSITED?**

Information source that is published in Ni geria. The Act in section 4 sub-section (7) defines the "BOOK" thus:

- a. "All literary works such as Books, Pamphlets, sheets of music, maps, charts, plans, tables and compilations.
- b. Dramatic works.
- c. Collective works such as Encyclopedias, Dictionaries, Yearbooks, Newspapers, Magazines and Periodicals.
- d. All forms in which documentary or oral records are published". This means legal deposit is also for non- book materials, home videos, films, cassettes etc. and even electronic publications. The best copies of each publications should be deposited.

### **2.2 HOW MANY IS TO BE DEPOSITED**

The number of copies of published materials to be deposited varies with the categories of publishers.

Private publishers are to deposit three (3) copies each of their publications. Federal government and its agencies are to deposit twenty-five (25) copies each of their publications.

State government and its agencies are to deposit ten (10) copies each of their Publications.

### **1.3.1 BENEFITS OF LEGAL DEPOSIT**

- i. Preservation of the nation's intellectual output for future generation.
- ii. Bibliographic control of the Nations publications.
- iii. The legal deposit materials collected are processed and listed in the National Bibliography of Nigeria which is circulated both locally and internationally.
- iv. The AUTHOR's name will be entrenched in the annals of the Nation's publication history.
- v. THE PUBLISHER's name will be listed in the publisher's directory section of the National Bibliography of Nigeria, which many authors and organizations including Libraries consult.
- vi. The Legal deposit copy is the only authentic copy accepted by law court in case of litigation.
- vii. The Legal Deposit award is an annual event designed to encourage publishers of books, serials and producers of audio visual materials who deposit works with the National Library of Nigeria promptly in accordance with the Legal Deposit Act 29 of 1970. The legal deposit award was instituted in 1994 by the National of Nigeria.
