EASTERN NIGERIA NOTICE No. 8

ABOLITION OF COMMISSION ON P.A.Y.E.
TAX DEDUCTIONS

The Government of Eastern Nigeria desires to inform all employers who operate the system of income tax deduction at source from emoluments of employees (commonly referred to as the "P.A.Y.E." System) that with effect from the 1st of April, 1961, the *ex-gratia* payment by the Government to employers of commission on the amount of tax deducted will (with the exception of payments to Voluntary Agencies) cease. This means that the last deduction in respect of which Commission will be paid will be that made during the month of March, 1961 from salaries or wages for that month, or any part of that month, or any previous period. No Commission will be paid in respect of any deduction made after the 31st March, 1961 from salaries or wages relating to any period after the 31st March, 1961. Employers are advised to ensure that all deductions in respect of the current financial year are duly made before 1st April, 1961 in order that they may be entitled to receive the appropriate Commission thereon.

2. This announcement also relates to employers who operate the subsidiary "Revenue Franking Machine" System. As regards the "Revenue Stamp Card" System, employers who purchase Revenue Stamps from Government Treasuries after the 31st March, 1961 will not be entitled to Commission on the value of the Stamps.

3. The payment of Commission was introduced in 1956 as a subsidiary concession to accompany the new Eastern Region Finance Law, 1956, and by the 31st March, 1961 employers who have operated

the tax deduction system from its inception will have enjoyed five years' remuneration. In the United Kingdom (and elsewhere) however, no such reward is given to employers and it is considered that no particular hardship will fall upon employers in Eastern Nigeria when this concessionary payment ceases. The Government wishes to express its appreciation for the co-operation received from employers and trusts that they will continue to extend it for the best interests of the Region.

4. The Voluntary Agencies engaged on educational and medical activities with financial assistance from the Government are for the present excluded from the scope of this announcement, and will continue to receive commission. The concession is continued because employers in this category are more likely to suffer from its withdrawal than are any others.

LICENSED BUYING AGENTS FOR THE
1961-62 COCOA SEASON

It is notified for general information that the Board is prepared to consider applications for

appointment as Licensed Buying Agents for the 1961-62 Cocoa Season which will open about September, 1961 (the exact date will be notified later by publication in the *Eastern Nigeria Gazette*).

2. Applicants will be required to produce evidence that they are likely to be able to fulfil the minimum conditions set out in the following paragraphs, which are based on:—

- (a) the normal functions which a licensed buying agent is required to perform;
- (b) the lowest possible figure of purchases compatible with orderly marketing which is taken as 100 tons for an average season;
- (c) average conditions as regards storage, evacuation, etc., ruling in past seasons.

3. *Functions of Licensed Buying Agents:*

The main functions which licensed buying agents will be required to perform on behalf of the Board are:—

- (a) to purchase cocoa at buying stations at not less than the minimum prices;
- (b) to bag and arrange for inspection in accordance with the regulations;
- (c) to finance purchases and provide suitable storage until the time of shipment;
- (d) to make returns of purchases and stocks as the Board or its duly authorised executive may require;
- (e) to arrange for approved conveyance to port and for shipment in accordance with shipping instructions issued by the Nigerian Produce Marketing Company Limited or its duly authorised executive;
- (f) to arrange for checkweighing and inspection at Port in accordance with the regulations;

The minimum capital requirement based on the 1960-61 Season price is £3,150. This minimum capital requirement may however be adjusted in proportion to any increase or decrease in the producer price of cocoa announced by the Board before the opening of the 1961-62 Cocoa Season and any such alteration will be taken into account in assessing an applicant's ability to finance purchases.

(d) *Storage:*

Applicants must be able to provide evidence that they have proper storage available to cover at least fifty tons of cocoa, and adequate port storage where appropriate.

All stores must comply with the requirements of, and be approved by, the Produce Inspection Division of the Eastern Nigeria Ministry of Agriculture. It is the responsibility of the applicant to request in writing the Chief Produce Officer, Produce Inspection Division, Ministry of Agriculture, Port Harcourt, to inspect and approve his store(s).

EASTERN NIGERIA NOTICE No. 525

EASTERN NIGERIA MARKETING BOARD

TERMS AND CONDITIONS OF APPOINTMENT OF
LICENSED BUYING AGENTS FOR 1962 PALM
OIL AND PALM KERNELS MARKETING SCHEMES

It is notified for general information that the Eastern Nigeria Marketing Board is prepared to consider applications for appointment as licensed buying agents for the 1962 Palm Oil and Palm Kernels Marketing Schemes.

2. An applicant will be required to produce evidence that he is able to fulfil the minimum conditions set out below, which are based on the normal functions which a buying agent is required to perform under the existing Marketing Schemes.

(a) *Purchases:*

Applicants must produce evidence of ability to purchase with reasonable regularity throughout the duration of the scheme in their first year of operation the following minimum quantities:—

Palm Oil	400 tons.
Palm Kernels	600 tons.

For licensed buying agents in their second and later years of operation the minimum purchase requirements, which are regarded as the lowest possible levels compatible with orderly marketing are:—

Palm Oil	500 tons.
Palm Kernels	1,000 tons.

(b) *Containers:*

Licensed buying agents will be required to produce evidence that they own sufficient containers to cover their purchases. The minimum requirements are:—

Palm Oil	Drums/Casks to the satisfaction of the Produce Inspection Division of the Ministry of Agriculture, Eastern Nigeria.
Palm Kernels	17 bales each of 300 new bags.

The Board appreciates that it is unreasonable to require an applicant for a licence to furnish himself with necessary containers in the early stages of his application and in the absence of any certainty that his application is going to be successful. It is therefore prepared to consider applications from persons not actually in possession of such containers, provided evidence of the applicants' financial ability to purchase such containers is made available. In the event of it being decided that the applicant is in all other respects suitable for appointment and the Board deciding to make such appointment, the appointment will be so made by the Board and the licence issued subject to subsequent proof on the part of the person or firm concerned that the necessary containers have in fact been acquired.

(c) *Capital:*

Applicants will be required to produce acceptable evidence of their ability to provide the necessary capital to finance their purchases. Buying agents have to be in a position to buy at not less than minimum prices at gazetted buying stations and to arrange for the produce to be evacuated to port (in the case of palm kernels) or Bulk Oil Plant (in the case of palm oil), at which point payment is made against delivery of the produce in the approved manner.

The minimum requirements are as follows:—

Palm Oil	£5,000.
Palm Kernels	£5,000.

(d) *Storage:*

Applicants for a palm kernel licence must be able to provide evidence that they have proper storage available to cover at least 245 tons, and adequate port storage where appropriate.

All stores must comply with the requirements of, and be approved by, the Produce Inspection Division of the Ministry of Agriculture, Eastern Nigeria. It is the responsibility of the applicant to request in writing the Chief Produce Officer, Ministry of Agriculture, Produce Inspection Division, Port Harcourt, to inspect and approve his store.

3. An applicant must produce satisfactory evidence to show that he is fully conversant with the produce trade in question and that in particular he will be able to fulfil the following conditions:—

(a) *Equipment.*—That he possesses the required equipment for the grading of produce for export.

(b) *Inspection of Produce.*—That he will be able to provide grading equipment and an adequate labour force at all his stores.

(c) *Returns.*—That he will render promptly and accurately all returns, particularly as to purchases and stocks, which may be called for by the Board's executive.

(d) *Evacuation.*—That he will be able to make arrangements to secure the necessary transport by road, rail and water to ensure the smooth and regular evacuation of produce by approved routes.

(e) *Delivery.*—That he can arrange delivery of palm oil to the appropriate Bulk Oil Plant and of palm kernels to Port Transit Sheds or Board Stores, Port Harcourt, or to f.o.b. ocean vessel. He must possess an organisation at port or the ability to secure reliable agents to ensure the accurate preparation and prompt submission of shipping documents as required and the carrying out of all duties involved in the delivery of palm kernels to f.o.b. point.

(f) *Experience.*—That he has previous buying experience of palm produce, details of which must be given.

4. *Method of application:*

Application forms together with details as to their completion can be obtained from the Ministry of Agriculture, Enugu; the General Manager, Eastern Nigeria Marketing Board, Works Road, Port Harcourt; and from the Eastern Nigeria Produce Inspection Division.

Firms and persons wishing to apply for appointment as buying agents must submit application forms correctly completed in duplicate to the General Manager, Eastern Nigeria Marketing Board, Works Road, Port Harcourt, not later than the 1st August, 1961. PRESS RELEASE

In the past private students whose financial position was uncertain were required to deposit the cost of a return passage before they left Nigeria. Such a deposit was however not made a condition for the issue of a passport. Some time last year the Honourable Minister decided that the deposit should not be demanded from any private student. This decision was not made public. It is the Honourable Minister's wish that the public be informed that no deposit for a return passage will henceforth be demanded from private students and that students who have already made such deposits may withdraw them when they wish.

MINISTRY OF EDUCATION
EASTERN NIGERIAENGLISH COURSE FOR HIGHER ELEMENTARY
TEACHERS

On Thursday 10th August ten teachers of English from colleges and schools in Britain and two British Council English experts will arrive in Enugu to run a special one month course for 150 Grade II (Higher Elementary) teachers who are teaching in Eastern Nigerian Primary Schools.

This course is being organised jointly by the Ministry of Education and the British Council with great help from the Nigerian College of Technology where the course will open on 14th August. (Student teachers assemble on Sunday 13th August).

The English course and the Sixth Form Science Teachers' course, already being held at the Nigerian College of Technology, are the first of many such courses which it is hoped will be run in the vacations with assistance from the United Kingdom. They are in effect the first tangible results of the famous Ashby Report.

The overseas staff are hand-picked volunteer teachers who have given up their summer vacation, and whose air passages and expenses are being paid for by the United Kingdom Government. The cost of the United Kingdom teachers' board and lodging when in Nigeria is being met by the Federal Government. The Eastern Nigeria Government's contribution is to pay for the board and lodging and transport of the student teachers attending the course.

To the overseas staff of twelve there will be added three or four experienced teachers of English in Nigeria. It is expected that the team will be directed by Dr Thomas, Her Majesty's Inspector, who has already paid a preliminary visit to Enugu.

While the English Language in all its many aspects will be the theme of the course, other subjects which are taught in the Primary School will be touched upon. It is expected that the use of visual aids will feature strongly in the course. The success or otherwise of these pilot courses will show the way for more extensive inservice training courses in the years to come.

ENUGU CONSUMER PRICE INDEX

The Enugu Consumer Price Index is an official index based on the expenditure patterns of Clerks, Artisans and Labourers earning not more than £350 per annum in 1954.

The average values of the index for each year since 1953 and for each of the last twelve months are given below.

Base: Average 1953 = 100	
Average 1953 100	
Average 1954 109	July 1960 125

Average 1957 112	October 1960 116
Average 1958 115	November 1960 115
Average 1959 119	December 1960 115

1st June, 1960 to 31st May, 1961	119
1st July, 1960 to 30th June, 1961	119

Individual monthly figures of the index are subject to seasonal fluctuations which are largely smoothed out when an average is taken over twelve months. The relative values of averages over twelve months give a better idea of any trend in the index than the individual monthly figures.

Further details are available in the Digest of Statistics, published quarterly and copies of which are obtainable from the Federal Office of Statistics, Lagos. Details of the method of construction of the index are also obtainable.

2. The Commission will provide symbols for allocation according to Regulation 29 (2)—that is to candidates sponsored by a political party, the symbol of which party has been registered in accordance with the Federal Electoral Law. Those registered parties which are considered likely to contest in any future Election in this Region are listed below in alphabetical order of the first letter of the name of the party.

Action Group	Palm Tree.
Dynamic Party	Ram.

Niger Delta Congress	Fish in Triangle.
Nigeria Ex-Servicemen's Party			Soldier with rifle.

If the name of any party registered in accordance with the Federal Electoral Law has been omitted from the above list the Commission should be informed at an early date so that the omission can be remedied. The Commission does not propose to open a Regional Register of Political Parties in connection with the allocation of symbols.

3. The Commission will also provide certain symbols for use by prospective candidates who have not been sponsored by political parties registered under the Federal Electoral Law. These symbols, printed in black on white paper, include horse, bicycle, matchet, star, scissors, hand, sewing machine, motor car and gramophone.

4. If any prospective candidate, not sponsored by a registered Party, does not wish to be allocated any of the above symbols he must produce his own symbol in sufficient quantity for use by the Electoral Officer of his Constituency. The quantity required by the Electoral Officer is ten times the number of Polling Stations in the Constituency. If, for example, there are seventy-six Polling Stations in the Constituency then 760 symbols will be required. The quantity must be supplied to the Electoral Officer before the close of Nominations. The size of each symbol must be not more than 6" x 6". The symbols must accord with the Electoral Regulations. They should not be contrary to law or morality; they should not bear any emblem normally associated with official acts of Government or with the regalia of a chief, religion, cult, or group of people not a political party, nor should there be any representation of any person, living or dead.

5. The decision to allot symbols is, according to the Regulations, that of the Electoral Officer. Prospective candidates would do well, however, to supply copies to the Commission of the symbol they desire to use so that the Commission may advise the Electoral Officer if the symbol is considered to be distinctive and acceptable. Submissions of such symbols should be made preferably through the Divisional Officer in whose Division the prospective candidate intends to contest.

EASTERN NIGERIA NOTICE No. 964 (2nd Insertion)

EASTERN NIGERIA ELECTORAL
COMMISSION
ELECTIONS TO THE EASTERN HOUSE OF
ASSEMBLY

ALLOCATION OF SYMBOLS

The Eastern Nigeria Electoral Commission wishes to inform prospective candidates of its policy concerning the allocation of symbols for use in future Elections to the House of Assembly. The relevant Regulation is No. 29 in the Elections (House of Assembly) Regulations, 1961.

2. The Commission will provide symbols for allocation according to Regulation 29 (2)—that is to candidates sponsored by a political party, the symbol of which party has been registered in accordance with the Federal Electoral Law. Those registered parties which are considered likely to contest in any future Election in this Region are listed below in alphabetical order of the first letter of the name of the party.

Action Group	Palm Tree.
Dynamic Party	Ram.
N.C.N.C.	Cock.
Niger Delta Congress ..	Fish in Triangle.
Nigeria Ex-Servicemen's Party	Soldier with rifle.

If the name of any party registered in accordance with the Federal Electoral Law has been omitted from the above list the Commission should be informed at an early date so that the omission can be remedied. The Commission does not propose to open a Regional Register of Political Parties in connection with the allocation of symbols.

3. The Commission will also provide certain symbols for use by prospective candidates who have not been sponsored by political parties registered under the Federal Electoral Law. These symbols, printed in black on white paper, include horse, bicycle, matchet, star, scissors, hand, sewing machine, motor car and gramophone.

4. If any prospective candidate, not sponsored by a registered Party, does not wish to be allocated any of the above symbols he must produce his own symbol in sufficient quantity for use by the Electoral Officer of his Constituency. The quantity required by the Electoral Officer is ten times the number of Polling Stations in the Constituency. If, for example, there are seventy-six Polling Stations in the Constituency then 760 symbols will be required. The quantity must be supplied to the Electoral Officer before the close of Nominations. The size of each symbol must be not more than 6" x 6". The symbols must accord with the Electoral Regulations. They should not be contrary to law or morality; they should not bear any emblem normally associated with official acts of Government or with the regalia of a chief, religion, cult, or group of people not a political party, nor should there be any representation of any person, living or dead.

5. The decision to allot symbols is, according to the Regulations, that of the Electoral Officer. Prospective candidates would do well, however, to supply copies to the Commission of the symbol they desire to use so that the Commission may advise the Electoral Officer if the symbol is considered to be distinctive and acceptable. Submissions of such symbols should be made preferably through the Divisional Officer in whose Division the prospective candidate intends to contest.

R. W. HARDING, Secretary
Eastern Nigeria Electoral Commission

The average values of the index for each year since 1953 and for each of the last twelve months are given below.

Base: Average 1953 = 100			
Average 1953	100		
Average 1954	109	August	1960 121

1st July, 1960 to 30th June, 1961	119
1st August, 1960 to 31st July, 1961	118

Individual monthly figures of the index are subject to seasonal fluctuations which are largely smoothed out when an average is taken over twelve months. The relative value of averages over twelve months give a better idea of any trend in the index than the individual monthly figures.

Further details are available in the Digest of Statistics, published quarterly and copies of which are obtainable from the Federal Office of Statistics, Lagos. Details of the method of construction of the index are also obtainable.

EASTERN NIGERIA NOTICE No. 1203

GOVERNMENT COASTAL AGENCY, APAPA

UNACCOMPANIED PERSONAL EFFECTS

The London Agents of the Elder Dempster Agencies Limited have issued the under-noted circular regarding the cost of clearing and forwarding of unaccompanied personal effects from the London Docks to the final home address of the owners:—

“On several occasions recently individuals shipping personal effects and sundry items from Lagos by the *Winneba* and *Calabar* have been disconcerted to find that further charges were payable in London before they could obtain delivery. From what we have been told, it appears that the Forwarding Agents in Lagos normally collect a deposit which covers the ocean freight and your local charges and the individual assumes that the personal effects will then be discharged and delivered to his home address without further payment. This is not, of course, correct, and you may like to have a note of the following charges which are incurred in London:—

Port Rates at 9s 0d per ton wt.

Port of London Authority landing and delivery at 160s per ton wt. plus 62 per cent.

After three free days, P.L.A. rent is then due at 4s per ton wt. plus 25 per cent.

In addition, we or the Forwarding Agents appointed would require a deposit to cover carriage charges, Customs clearance, and agency fee. Altogether, it is probable that for each case of personal effects which is required to be cleared through Customs and delivered, a deposit of about £5 will be required, assuming that ocean freight has been pre-paid and that there is not duty or Purchase Tax due.”

2. It will be appreciated if Government officials, Government students, Ministers, and their wives, etc., etc., will comply accordingly.

J. D. N. OFILI
Government Coastal Agent
