It is notified for general information that the Western Region Marketing Board, by virtue of its powers under section 16 (a) of the Western Region Marketing Board Law (No. 10 of 1954), has fixed the prices set out in Column II of the Schedule subjoined as the minimum prices payable for special grade palm oil during 1959 at gazetted buying stations in the Western Region specified in Column I.

Where applicable, the middlemen's allowance of £1 4s 6d per ton has been taken into account in calculating the buying station prices.

PRODUCE SALES TAX

3. Under the provisions of the Produce Sales Tax Law, 1957 (No. 14 of 1957), all sales of special grade palm oil made in the Western Region to the

licensed buying agents of the Western Region Marketing Board are subject to produce sales tax at the rate of £1 per ton.

4. For purposes of collection of this tax, for which the Marketing Board is accountable to the appropriate regional authority in respect of all sales of special grade palm oil made to it or to its licensed buying agents in the Region, the arrangements as set out in paragraph 5 are prescribed.

5. The prices payable by licensed buying agents of the Marketing Board for special grade palm oil in the Western Region will take into account the incidence of produce sales tax and will accordingly be at the rates set out in Column III of the Schedule subjoined (being the minimum buying station prices fixed by the Marketing Board reduced by the amount of the produce sales tax).

This increase will apply to all students, both new entrants and those returning to continue their course of study.

This increase is caused by rises in the cost of the services provided since the fees were fixed in 1955 and by the expressed wish of the Federal Government, a subvention from which provides the major part of the College income, that the fee charged for board and lodging should bear a more direct relation to the actual cost of maintenance of each student.

WESTERN REGIONAL NOTICE No. 221

NORTHERN REGIONAL GOVERNMENT

(a)—ADMINISTRATIVE SERVICE TRAINING COURSE, 1959-60

(b)—APPOINTMENTS TO THE EXECUTIVE GRADE

Applications are invited from suitably qualified Nigerians in respect of the under-mentioned training courses and vacancies in the Public Service of the Northern Regional Government—

1.—ADMINISTRATIVE SERVICE TRAINING COURSE, 1959-60

(Open to Candidates of Northern Origin only)

(a) Normally candidates for the Administrative Service are required to hold a University Degree. As a temporary measure, however, consideration will be given to candidates who hold the West African School Certificate or an equivalent pass in the General Certificate of Education, that is, General Certificate of Education with six passes at ordinary level.

(b) In exceptional cases consideration will be given to candidates holding lower educational qualifications who, since leaving school, have acquired additional professional qualifications.

Those who have a qualification lower than the West African School Certificate or its equivalent will be required to sit a written examination before or after being called for interview.

All candidates should be able to show evidence of ability, energy, integrity, responsibility, adaptability, initiative and a high standard of English.

Candidates must be certified as physically fit and be over twenty-two years and under thirty years of age on 1st August, 1959.

Those selected will undertake a course at the Institute of Administration, Zaria, lasting approximately eleven months. Instructions will be given in English, Law, Local Government, Finance and in a number of subsidiary subjects. There will be practical work in a variety of subjects and six weeks of the course will be spent on attachment to a Division. Students will also be expected to take part in games and in the extra-mural activities of the Institute. A Man o' War Bay Training Course, designed for training in leadership and physical endurance, will be held early in the course and there will be examinations during the course as well as at the end of the course. In order to pass the course students must obtain a satisfactory report on the terminal and final examinations taken into consideration with their conduct and work on the course as a whole, including a satisfactory report on the Man o' War Bay Training Course.

If at any time during the course it becomes apparent that the student will not be able to reach the required standard, he will be so informed by the Public Service Commission and consideration will be given for alternative employment according to his qualifications, if he so desires it.

The attainment of a Class A Pass on the successful completion of the course will render a student eligible for appointment as an Administrative Officer in the salary scale A 1 (£624-1,380); students who obtain a Class B Pass will be eligible for appointment in the Executive Grade.

Administrative arrangements.—During the period of the course students not already in Government or Native Authority service will receive an allowance of £25 per month. Government or Native Authority officials will be treated as being on leave without pay, but will receive allowances at the rate of their substantive salaries or £25 per month, whichever is the greater. Accommodation will be provided at the Institute for candidates and their families. No charge will be made for rent, but students will be expected to pay for their own food and for electricity and water rates.

2.—APPOINTMENTS TO THE EXECUTIVE GRADE

Salary scale.—C(E) Training 1, 2: £270, £294, £318; £390 × 18-444, £468, £492; £540 × 24-588, £660, £684, £714.

Previous experience may also be taken into consideration when determining the commencing salary on first appointment as an Assistant Executive Officer-in-training.

Qualifications.—Candidates for direct entry to the Executive Grade must be of Northern origin and are normally required to hold a minimum educational qualification of School Certificate or General Certificate of Education with six passes at Ordinary Level. This qualification is a pre-requisite for candidates applying for entry direct from Secondary Schools or other training institutions. Candidates for direct entry should not be above the age of twenty-four on the 31st March, 1959. Candidates awaiting the result of their School Certificate examination may apply.

Northern and non-Northern candidates from either Government or Native Authority Service whose basic educational qualifications are less than the above but who have also given proof of integrity, ability, energy, responsibility and adaptability in their employment since leaving school, will be considered provided they have attained at least the grade of Second Class Clerk or its equivalent. Candidates must be physically fit.

Duties.—The duties of the office include the application of establishment Government policy and work connected with individual cases where judgment and discretion are needed. In some Ministries, Assistant Executive Officers may be required to specialise in specific subjects, e.g., Establishment matters, Accounting Procedure, Office Management, etc.

Training.—Successful candidate will normally be required to undergo a course of one year's duration at the Technical Institute and Trade Centre, Kaduna, in general education in English, Economics, Local Government and in Government Procedures and Regulations. On successful completion of the course

direct entrants will remain on probation in the Training Grade for a further two years, and thereafter they will be considered for substantive appointment as Assistant Executive Officer, while those already in Government service may be considered for promotion to the post of Assistant Executive Officer at any time after successful completion of the course. Candidates from Native Authorities will be considered also on the same basis as those from Government. It is hoped that this course will begin towards the end of 1959.

Other condition of service.—During the training period, students will be subject to Government rules and regulations. They will be posted to work in Ministries for a period from June to September during which time the Technical Institute and Trades Centre is on long vacation. This practical course forms part of the training period.

After appointment candidates may be required to serve anywhere in the Northern Region and the Northern Cameroons.

Direct entrants would be required to live in the College Hostel and will be required to pay £25 per annum for their board and lodging.

Candidates while in training will be treated as students of the Institute and will be required to comply with the instructions of the Principal. They will be required to wear uniform during school hours: uniform may be bought at cost price from the Institute.

Married students accompanied by their wives will be responsible for finding their own accommodation in Kaduna while attending the course.

Students will not normally be permitted to take leave during the course, apart from the short Christmas vacation and normal Public Holidays.

Method of application.—All applications, which should be completed on Form PSC (NR) 1, should be addressed to the Secretary, Public Service Commission, Kaduna, so as to reach him not later than the 31st March, 1959.

Candidates whose qualifications appear to reach the required standard may be called for one or more interviews in Kaduna.

Applicants in Native Authority service should forward their applications through their Native Authority and the Resident, requesting both parties to attach confidential reports. Applicants in Government service should forward their applications through their Resident or Permanent Secretary, as the case may be, who should attach a confidential report. Applicants in neither Government nor Native Authority service should forward their applications through their employers, asking them to attach a report. It is essential that every applicant should give a complete and detailed account of all employment since leaving school.

Duplicate copies of applications may be forwarded direct to the Secretary, Public Service Commission, Kaduna, for information. The Secretary, Public Service Commission, may request each of the three referees nominated by candidates for a confidential report on the applicant, and may require also a report to cover a candidate's employment since leaving school.

Applications should be completed in duplicate on forms PSC (NR) 1 and 1A, which may be obtained from all Residents in charge of Provinces, from the Federal or Regional Information Service, or direct from the Secretary, Public Service Commission, Kaduna.

Application forms must be properly completed in every particular. Failure to do this may result in the application not being considered.

WESTERN REGIONAL NOTICE No. 318

IMPORTATION OF MOTOR CARS AND STATION WAGONS FROM THE UNITED STATES OF AMERICA AND CANADA DURING 1959

The need to conserve expenditure of hard currency still obtains and it is accordingly necessary, as in previous years, to control the quantity and distribution of saloon cars and station wagons imported from the United States of America and Canada. The control will continue to be exercised by means of "letters of authority to purchase" which will be issued by the appropriate Federal and Regional Authorities.

2. Recognised distributors of saloon cars and station wagons imported direct from the United States of America and Canada are permitted to sell these vehicles only to persons in possession of a valid letter of authority. Such letters will be issued only to persons who can adduce evidence for a special need for these vehicles.

3. Applications for permits to purchase from the Western Regional allocation may be submitted to the Secretary to the Premier and Executive Council by persons in the following categories:—

- Heads of Government Departments and public Corporations, in respect of their official requirements;
- Heads of firms with headquarters in the Western Region and branches elsewhere in Nigeria, in respect of the firm's overall requirements;
- Individuals resident in the Western Region.

4. The following particulars are required with each application:—

- Name and address of applicant.
- Nature of business/profession.

(3) Details of any saloon car(s)/station wagon(s) at present owned, mileage already covered and date of first registration in Nigeria, in respect of each vehicle. In the case of firms owning two or more cars, details are also required of the person by whom each car is normally used.

(4) Mileage covered annually.

(5) Areas visited regularly.

5. Two categories of vehicles will be imported. The lower priced cars are listed in Category "A" and the higher priced cars in Category "B" hereunder. Permits to purchase vehicles in Category "B" will be issued only in exceptional circumstances and full reasons must be adduced as to why one of the Category "A" cars is unsuitable for the applicant.

CATEGORY "A"

<i>Make and Type</i>	<i>Agent</i>
Chevrolet	U.A.C.
De Soto (Diplomat) ...	Arab Brothers
Dodge (Kingsway) ...	S.C.O.A.
Ford (Fairlane) ...	J. Allen and Co.
Nash	Arab Brothers

CATEGORY "B"

Oldsmobile	U.T.C.

6. In each category there may be certain models exceeding the permitted range of landed costs: licences to import such models will not normally be granted unless prior authority has been sought, and obtained, in each individual case.

7. Successful applicants for permits to purchase North America vehicles will no longer be required to enter into an undertaking not to sell or otherwise dispose of the vehicle within two years of the date of delivery, but any person found to have disposed of a new American car, without good reason, within a few months of acquiring it, is unlikely to be successful in any further application for another American car.

WESTERN REGION MARKETING BOARD
 APPOINTMENT OF LICENSED BUYING AGENTS FOR THE 1959-60 COCOA SEASON

It is notified for general information that the Board is prepared to consider applications for appointment as licensed buying agents for the 1959-60 Cocoa Season which will open about the middle of September 1959 (the exact date will be notified later by publication in the *Western Region of Nigeria Gazette*).

2. Applicants will be required to produce evidence that they are likely to be able to fulfil the minimum conditions set out in the following paragraphs, which are based on:—

(a) the normal functions which a licensed buying agent is required to perform;

(b) ability to purchase and handle a minimum purchase requirement of 0.25 per cent (*i.e.*, one four hundredth) of an average crop. This is felt to be the lowest possible figure of purchases compatible with orderly marketing and is taken as a quantity of 250 tons for an average season;

(c) average conditions as regards storage, evacuation, etc., ruling in past seasons.

3. *Functions of Licensed Buying Agents:*

The main functions which licensed buying agents will be required to perform on behalf of the Board are—

(a) to purchase cocoa at buying stations at not less than the minimum prices;

(b) to bag and arrange for inspection in accordance with the regulations;

(c) to finance purchases and provide suitable storage until the time of shipment;

(d) to make returns of purchases and stocks as the Board or its duly authorised executive may require;

(e) to arrange for approved conveyance to port and for shipment in accordance with shipping instructions given by the Nigerian Produce Marketing Company Limited or its duly authorised executive;

(f) to arrange for checkweighing and inspection at port in accordance with the regulations;

(g) to arrange for delivery of cocoa to ocean vessel and to handover, without delay, shipping documents as required to the Nigerian Produce Marketing Company Limited or its duly authorised executive.

4. Minimum conditions:

(a) *Purchases.*—Applicants must produce evidence of ability to purchase with reasonable regularity throughout a season a minimum of 250 tons of cocoa (*i.e.*, Main and Light crops inclusive);

(b) *Bags.*—Applicants must produce evidence of ability to provide at least fourteen bales of 300 new bags each, and twine therefore to cover the minimum purchase requirement;

(c) *Capital.*—Applicants will be required to produce acceptable evidence of their ability to satisfy the minimum capital requirement necessary to fulfil the obligations of a licensed buying agent. The minimum capital requirement based on the 1958-59 season producer price is £9,000. This minimum capital requirement may however be adjusted in proportion to any increase or decrease in the producer price of cocoa announced by the Board before the opening of the 1959-60 cocoa season and any such alteration will be taken into account in assessing an applicant's ability to finance purchases;

(d) *Storage.*—Applicants must be able to provide evidence that they have available in their proposed areas of operation proper storage to cover at least a hundred tons of cocoa, and adequate port storage where appropriate;

WESTERN REGIONAL NOTICE NO. 995

WESTERN REGION MARKETING BOARD
1959-60 COCOA MARKETING SCHEME
MINIMUM BUYING STATION PRICES

It is notified for general information that the Western Region Marketing Board, by virtue of its powers under section 16 (a) of the Western Region Marketing Board Law, 1954 (No. 10 of 1954), has fixed the prices set out in columns II and III of the schedule subjoined as the minimum prices payable for cocoa during the 1959-60 season at gazetted buying stations in the Western Region specified in column I.

2. The minimum buying station prices are based on the naked ex-scale port of shipment prices fixed by the Board for the 1959-60 season less the transport differentials by the approved evacuation routes.

3. The middlemen's allowance will be included in the block Buying Allowance paid to the Board's licensed buying agents.

PRODUCE SALES TAX

4. Under the provisions of the Western Region Produce Sales Tax Law, 1957 (No. 14 of 1957) all sales of cocoa made in the Western Region to the licensed buying agents of the Western Region Marketing Board are subject to produce sales tax at the rate of £4 per ton.

5. For purposes of collection of this tax, for which under the Western Region Produce Sales Tax Law, 1957 the Marketing Board is accountable to the appropriate regional authority in respect of all sales of cocoa made to it or to its licensed buying agents in the Region the arrangements as set out in paragraph 6 are prescribed.

6. The prices payable by the licensed buying agents of the Marketing Board for cocoa in the Western Region will take into account the incidence of produce sales tax and will accordingly be at the rates set out in columns IV and V of the schedule subjoined (being the minimum buying station prices fixed by the Marketing Board reduced by the amount of produce sales tax).

WESTERN REGIONAL NOTICE NO. 1002

DELIMITATION OF CONSTITUENCIES FOR FEDERAL ELECTIONS

In accordance with the Constitution, constituencies were delimited by the Governor-General by a Proclamation, which was published as Legal Notice 115 of 1958. Two amendments have since been made by similar Proclamations (Legal Notices 197 of 1958 and 137 of 1959) but such amendments are corrections to nomenclature alone.

In some few cases the constituencies are described by reference to Administrative Divisions. It is believed that the Governments of Regions are endeavouring to avoid changes in the boundaries of such Divisions (at least until after the forthcoming election), but the purpose of this Notice is to make it clear that the constituencies as so delimited by Proclamation will not be affected so far as they relate to the Federal elections by any changes in the boundaries of Divisions made by the Governments of Regions for Regional purposes.
