PREFACE

The National Library of Nigeria being the country's apex library serves as the intellectual store-house and the databank of learning of Nigeria. The Library which was established by Act No 29 of 1970 has one of its statutory functions of producing the National Bibliography of Nigeria (NBN). Specifically, section 2(2) of the Act mandated the National Library of Nigeria "to be responsible for the development of the National Bibliography of Nigeria and National Bibliographical services, either in a National Bibliographical Centre or elsewhere".

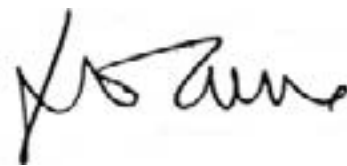

This edition is the supplementary copy of the National Bibliography of Nigeria (NBN) for 2013 Supplementary. It lists out in a systematic manner, books & serials . This edition also contains works published in the previous years but were not deposited early enough for them to be listed in those years' NBN editions.

The objective of producing supplementary editions is to achieve a complete national bibliographic control aimed at contributing effectively towards Universal Availability of Publications (UAP) so as to achieve Universal Bibliographic Control (UBC). The production of supplementary editions is a continuing process aimed at attaining comprehensive, if not exhaustive, capture of all materials deposited with the National Library of Nigeria under the Legal Deposit provision .

This edition which is the 7th of its kind is published in both book and electronic format (CD.Rom). It is an automated supplementary edition produced using UNESCO Micro-CDS/ISIS Library Application Software.

It has been carefully packaged in terms of entries, arrangement, pagination, imprint and design to conform to the international best practices and standards. It is believed that this edition will serve as a veritable bibliographic tool for publishers, authors, librarians and other critical stakeholders in the book industry.

With our very best wishes.

Prof. Lenrie O. Aina

National Librarian/CEO

National Library of Nigeria.

NATIONAL BIBLIOGRAPHY OF NIGERIA, 2013 SUPPLEMENTARY EDITION

SCOPE

The National Bibliography of Nigeria (NBN) 2013 supplementary edition is the list of all catalogued information resource materials in books, serials, pamphlets, Audiovisuals, etc. formats received under the Legal Deposit provision of the National Library of Nigeria Act, 29 of 1970. This edition contains two thousand, six hundred and fifty two (2,652) entries.

As implied, the additional entries in the current 2013 supplementary edition vol.1 no. 6, include resource materials not captured in the annual accumulation of the NBN of previous years.

All entries in this edition cover resource materials published in Nigeria about Nigeria and Nigerians or by Nigerians in Diaspora.

ARRANGEMENT

NBN 2013 Supplementary Edition is arranged in seven (7) sections viz:

- (i) The Classified Sequence
- (ii) The Author, Title and Series Index
- (iii) The Subject Index
- (iv) New Serial Titles
- (v) List of Publishers and Printers
- (vi) Tables of Summaries (Statistics)
- (vii) Departments in the National Library of Nigeria

THE CLASSIFIED SEQUENCE SECTION

The classified sequence section provides bibliographic information for all listed items which are arranged using the Dewey Decimal Classification Scheme (DDC).

THE AUTHOR, TITLE & SERIES INDEX

The author, title and series index is arranged in one alphabetical sequence making it possible to trace an item using the author, the title or the series.

THE SUBJECT INDEX

One of the unique features of the NBN is the inclusion of an exhaustive “subject index”.

The subject index provides details of all aspects of the subject matter of the listed

items in the classified sequence section. Each aspect of the subject is listed with a classification number. For example, books on any subject and its related aspect can be located using the classification number from the “classified sequence section”. The subject index is arranged in an alphabetical sequence with their classification numbers.

For example a book on Biology and its related fields are treated as follows:

Biology 570

Examination, questions, etc 570.76

Experiments 570.78

Problems, exercises, etc 570.76

Research - periodicals 570.7205

Study and teaching 570.7

Study and teaching (Secondary) 570.712

CATALOGUING

The National Bibliography of Nigeria is compliant with both the Anglo-American Cataloguing Rules 2 (AACR2) and other standard texts for International Standard

Bibliographic Description (ISBD) e.g:

(i) Monographic Publication – 1978

(ii) Serials Publications – 1981

(iii) Cartographic Materials – 1982

(iv) Non- Book Materials – 1982

DESCRIPTIVE CATALOGUING

All listed publications are given full bibliographic detail of author’s full name followed by year of birth (if known), full title, place of publication, publisher’s address (is given in parenthesis). Example: Mokola, Ibadan (9, Queen Elizabeth Road, Isolak Building), Publisher’s name and date of publication.

Detailed information about the collation i.e. number of pages, volumes, kinds of Illustrations, size and series are given. The price and the International Standard Numbers (ISBN/ISSN/ISMN) are recorded.

TRACING

Using the Library of Congress List of Subject Headings, the subject analysis of each publication is provided on the next paragraph following the ISSN/ISBN, binding and price information. The subject headings are preceded by Arabic numerals. Other added entries i.e. additional author entries like joint authors and title information are numbered in Roman numerals. These are to be used in preparing headings for library catalogues and they indicate additional headings under which the publication may be represented and accessed in catalogues, e.g:

1. Business - Religious aspects
 2. Christianity - Economic aspects
 3. Wealth - Biblical teaching
- I. Title.

CLASSIFICATION NUMBERS

All works listed are classified by the current editions of both the Library of Congress Classification (LC) and Dewey Decimal Classification (DDC) schemes. For government publications, the National Library of Nigeria Classification Scheme is used in addition to the LC and DDC schemes. Excerpts of the outlines of these classification schemes are provided in the preliminaries.

DEPARTMENTS IN THE NATIONAL LIBRARY OF NIGERIA

LEGAL DEPOSIT DEPARTMENT

The Legal Deposit Department (LDD) is a core professional department created and began its full operation on the first of August 2017 specifically with the mandate of carrying out and implementing the major statutory functions and responsibilities of the National Library of Nigeria, as stated in Section 2 (2) of the National Library ACT No.29 of 1970:

**“to be responsible for the development of the National Bibliography
Of Nigeria and National Bibliographical Services, either in a National
Bibliographical Centre or elsewhere”**

The Legal Deposit Department was formally a division under collection Development and processing Department. It was upgraded to a department in order to strengthen the core mandate of the National collection of Nigerian cultural and intellectual heritage for posterity. It serves as the focal point for National and International Bibliographic Services, aimed at Universal Bibliographic Control (UBC) and Universal Availability of Publications (UAP).

The Department have four Divisions, Twelve sections and twenty one (21) units. The Divisions are:

- 1) Legal Deposit Division;
- 2) National Bibliography of Nigeria (NBN) Division;
- 3) Online National Union catalogue (ONUC);
- 4) Receipt and Documentation Division;

STATUTORY FUNCTIONS OF LEGAL DEPOSIT DEPARTMENT

- To ensure compliance with Legal Deposit obligation by publishers; and authors
- To collect and document print and non-print publications from
- Private/commercial, Federal and state government agencies;
- Original cataloguing and classification of Legal deposit material;
- To formulate policies for the development of effective **National Bibliographic Control** in Nigeria, by providing full bibliographic
- Description to all Nigeriana materials in accordance with international Standard;
- To ensure regular compilation and production of the National Bibliography of Nigeria (NBN);
- To Market and distribute the National Bibliography of Nigeria (NBN)

- To develop, maintain and sustain the Online National Union Catalogue (ONUC) Database;
- To establish, compile and maintain Authority Files: such as Name Authority File for our national authors, and Subject Authority File for subject headings used in the NBN.
- To organize sensitization workshop for Authors and publishers to Ensure compliance.
- 10. Attending book launch/fairs for on the spot collection of legal deposit materials

NATIONAL BIBLIOGRAPHY OF NIGERIA (NBN)

A major requirement of the Universal Bibliographic Control (UBC) is the existence of effective facilities for the publication of a current national bibliography every year.

The existence of the National Bibliography of Nigeria dates back to 1950 when the University of Ibadan began the compilation of Nigerian Publications on the strength of the 1950 Publications Ordinance. The University of Ibadan was responsible for its production for two decades, 1950 – 1970.

The National Library of Nigeria charged by Decree No. 29 of 1970 section 2(2) commenced the production of the National Bibliography of Nigeria which is the current national bibliography of this country in 1973.

It lists all books and publications in any format, irrespective of size or language that are published in Nigeria, about Nigeria or by Nigerians abroad and acquired by the National Library of Nigeria.

The National Bibliography of Nigeria (NBN) lists the catalogued entries of all Nigerian cultural material received under the Legal Deposit requirement during the year. In January, 1973, both the title and the frequency of the Nigerian Publications changed to National Bibliography of Nigeria (NBN) and is published monthly and quarterly but with annual accumulation.

The NBN has undergone significant changes over the years and can be said to have come of age in January 1975, when it adopted the International Standard Bibliographic Description (ISBD). It also adopted the Anglo-American Cataloguing Rules (AACR2) in 1982 for its cataloguing practices. In 2002, the first automated edition of the NBN was compiled using the UNESCO's Micro Computerized Development System /Integrated Set of Information System (CDS/ISIS). Presently it is published as an annual accumulation with supplementary editions and also available in CD/ROM and PDF formats.

IMPORTANCE OF THE NBN

The NBN serves as a selection tool for library acquisitions. The production of NBN is in itself a very important bibliographic service for copy-cataloguing and the appearance of a new title in the NBN has far reaching market implications for the publisher. The production of the NBN is a unique bibliographic function which no other library or institution is given the opportunity to perform. It is an important contribution aimed at achieving Universal Bibliographic Control (UBC) and Universal Availability of Publications (UAP). It is circulated both nationally and internationally. Each annual accumulation includes author/title/series index, subject index, list of printers and publishers and statistical tables.

PUBLIC SERVICES DEPARTMENTS:

1. REGIONAL DIRECTORATE SOUTHERN OPERATIONS

2. REGIONAL DIRECTORATE NORTHERN OPERATIONS

Section (2) (b) of the National Library Act 1970 provides for the establishment and maintenance of a Branch of the National Library in each of the State of the Federation. This requirement was designed to bring Library services to the grass-root. In pursuance of the State Branch Service objectives, twenty-two functional Branches located all over the six (6) geo-political zones of the country have been established. The Branches are organized into four zonal offices at Kaduna, Jos, Akure and Enugu. The State Branches system is organized into a Department under Director of State Branch Services who oversees, co-ordinates, sets target for annual performance, plans specific projects and supervises the State Branches functional operations. All the Branches are headed by professional Librarians. The merger of former Reference and User's Service Department with the State Branch Services Department gave birth to the Public Service Department.

One of the main programmes of the Department is the Readership Promotion Campaign aimed at inculcating reading habits in the public. In order to attain the objectives of the programme, the Department has launched numerous campaigns to sensitize the public from 2006 to date.

The objectives of the Readership Promotion programme are:

- a) Sustain the awareness created by previous campaign through improve and continuous advocacy i.e. launching in the selected State of each zone.
- b) Harmonize the roles of various groups that are involved in the book chain.
- c) Sensitize Publishers/Authors and booksellers on their roles in creating sustainable Reading culture.

FACTS ON LEGAL DEPOSIT

1. HISTORICAL BACKGROUND

1.1 LEGAL DEPOSIT LAW IN NIGERIA

PUBLICATION ORDINANCE, 1950

Legal Deposit law in Nigeria had its origin in “1950 Publication Ordinance” which gave the University College Ibadan Library and the Secretariat Library in Lagos the right to collect two copies each of every book published in the country. Ibadan University Library soon undertook the publication of “Nigeria Publications”, the country’s National Bibliography in 1953. All the regional governments also enacted their own depository provisions for publishers within their regions, to the regional Library Board. The Eastern Region Board Act of 1955 gave the right to Central Library, Enugu. Western Region enacted a similar act in 1957. The Northern Nigeria “Publication Law” enacted in 1964 also vested all deposit rights with the library of Ahmadu Bello University.

1.2 NATIONAL LIBRARY ACT OF 1964

The National Library Act was passed in 1964 but it failed to provide for the fulfillment of either the function of National depository or the publication of a National Bibliography. In section 7 (1) of the act, it is clearly stated, “This act may be cited as the National Library Act 1964 and shall apply to the Federal Territory only”. Looking at this, it would appear that Nigeria had a National Library established by law which was neither a National depository nor could publish the National Bibliography of Nigeria. The Ibadan University continued to fulfill these functions under the provision of the publication ordinance

of 1950.

1.3 NATIONAL LIBRARY ACT No. 29 of 1970

However, in 1970 The National Library Act was promulgated in which a real attempt was made to rectify the major shortcomings of the National Library Act of 1964 with emphasis on deposit obligations and bibliographical functions. The Act No. 29 of 1970 applies throughout the country and has supremacy over any Library laws of State Government in the event of conflicts. Under this Act, the National Library as the National Bibliography Agency of Nigeria was enjoined to receive three (3), twenty-five (25) and ten (10) copies of everything published in Nigeria by Private or Commercial publishers, Federal and State Agencies respectively within one month of publication at their own expense. A copy each of everything received will be sent to University of Ibadan Library for continuity. It is also noteworthy that the UNESCO guidelines for the collection of legal deposit materials is incorporated in the National Library Act of 1970 that is:

- i. Visits to publishers ii. Examinations of announcements and advertisements in national and local news papers
- iii Liaison with government departments and government printing offices.
- iv, Establishment of an effective clerical routine of registration, receipts, checks

and follow ups.

2. WHO IS TO DEPOSIT?

There are three categories of publishers specified in the Act:

Category 1: Private Publishers

Category 2: Federal Government: Ministries, Parastatals and Agencies.

Category 3: State Government: Ministries, Parastatals and Agencies.

2.1 WHAT IS TO BE DEPOSITED?

Information source that is published in Nigeria. The Act in section 4 sub-section (7) defines the "BOOK" thus:

- a. "All literary works such as Books, Pamphlets, sheets of music, maps, charts, plans, tables and compilations.
- b. Dramatic works.
- c. Collective works such as Encyclopedias, Dictionaries, Year books, Newspapers, Magazines and Periodicals.
- d. All forms in which documentary or oral records are published". This means legal deposit is also for non-book materials, home videos, films, cassettes etc. and even electronic publications. The best copies of each publications should be deposited.

2.2 HOW MANY IS TO BE DEPOSITED

The number of copies of published materials to be deposited varies with the categories of publishers.

Private publishers are to deposit three (3) copies each of their publications. Federal government and its agencies are to deposit twenty-five (25) copies each of their publications.

State government and its agencies are to deposit ten (10) copies each of their Publications.

2.3 BENEFITS OF LEGAL DEPOSIT

- i. Preservation of the nation's intellectual output for future generation.
- ii. Bibliographic control of the Nations publications.
- iii. The legal deposit materials collected are processed and listed in the National Bibliography of Nigeria which is circulated both locally and internationally.
- iv. The AUTHOR's name will be entrenched in the annals of the Nation's publication history.

- v. THE PUBLISHER's name will be listed in the publisher's directory section of the National Bibliography of Nigeria, which many authors and organisations including libraries consult.
- vi. The Legal deposit copy is the only authentic copy accepted by law court in case of litigation.
- vii. The Legal Deposit award is an annual event designed to encourage publishers of books, serials and producers of audio visual materials who deposit works with the National Library of Nigeria promptly in accordance with the Legal Deposit Act 29 of 1970. The legal deposit award was instituted in 1994 by the National of Nigeria.

2. What are the advantages of ISBN

- Global ordering and distribution of books is mainly executed by ISBN
- Compilation and updating of book trade directories and bibliographic databases, such as catalogue of Books-In-Print.
- It is needed for the running of electronic point of sale systems in bookshops.

3. Which materials should have ISBN?

Monograph (books) or e-publications.

4. Where to put the ISBN?

The thirteen (13) digit ISBN number is divided into five parts separated clearly by hyphens or spaces.

e.g 978-978-8201-09-0. This number should be printed on the:

- Verso title page of each publication
- Base of the title page
- Base of the spine
- The back of the cover in nine-point or larger
- The back of the dust-jacket and on the back of any other protector

5. Do books need ISBN, if they are not going to be sold?

It is desirable that ALL books are identified by ISBNs.

6. Does a change of format require a new ISBN?

Yes, different formats need different ISBNs.

7. I am revising a book. Does it require a new ISBN?

A significant change of text requires a new ISBN. If revisions have been made, this

Should be stated on the verso of the title page that the book is a revised edition and the new ISBN should be printed there.

8. Does a reprint without change of text or binding require a new ISBN? No, not if there is no change of text, format, or binding that would justify a new ISBN.

9. How are ISBNs allocated to multi-format/multi-volume works?

An ISBN must be allocated to the whole set of volumes of a multi-volume work, as well as individual volumes of the set.

10. What is the difference between a multivolume set and a monographic series? A multi volume set is a work published in more than one physical volume and not open-ended in nature. In other words, there is a definite amount of information and a planned end to the publication. By contrast, a monographic series is open-ended with no foreseeable end.

11. Do I need a new ISBN when I am reprinting a book with a new title?

Yes, a new title requires a new ISBN.

12. I am publishing a book with another Publisher. Whose ISBN should appear on the book?

In the case of a joint publication, an ISBN is assigned by the publisher in charge of distribution.

13. I am not a Publisher – can I still obtain an ISBN?

Yes, a Publisher is a group, organization, company or individual who is responsible for originating the product of a publication and also bears the cost/financial risk.

14. What are Publishers' obligations?

- Maintaining a register of ISBN that have been assigned to published and forthcoming books. This register should be kept in numerical sequence showing ISBN, author, title, edition statements etc.
- Forwarding a list of publications with their used ISBN to the National Agency before asking for new assignment of ISBN.
- Delivering within one month of publication at his own expense to the National Library of Nigeria, three (3) copies of the book or as the case may be for State and Federal Government publications.

FREQUENTLY ASKED QUESTIONS ON CIP

What is CIP?

It is an acronym for the programme called Cataloguing in Publication.

What is the relationship between ISBN and CIP

- There is a direct relationship between the two. ISBN stands for International Standard Book Number. ISBN must be obtained from our ISBN/ISSN Agency in order to qualify for the CIP programme. ISBN is one of the bibliographic elements that will be included in the CIP data.

Who is eligible to Participate?

All Nigerian Publishers that have obtained ISBN and are intending are to publish in Nigeria can apply for CIP data..

What publication is eligible for CIP?

All monographs (i.e. books) published in Nigeria which bear a Nigerian town/city as a place of publication and are likely to be acquired by Libraries are eligible for CIP.

What is required of me to obtain CIP data for my publications?

Ø Obtain ISBN

Ø Submit copies of preliminary pages of your forthcoming titles;

Ø Obtain CIP data sheet and fill them

Ø Submit them to the CIP unit for processing

How does the CIP Programme relate to copyright?

There is no relationship between the CIP Programme and Copyright registration. The main objective of CIPs is to describe the bibliographic characteristics of a work and thereby facilitate access to it in library catalogue.

How much does it cost to obtain CIP data?

There is no charge for CIP processing. However, participating publishers are obligated to send three, ten and twenty five copies of private, State government and Federal government publications respectively to our Legal deposit office.

Can I get CIP for a book which is already published?

Cataloguing-In-Publication (CIP) data is available only for works that are not yet published.

How long does it take to obtain Cataloguing-In-Publication (CIP) data? Most CIP data are completed within ten (10) working days (two weeks) of the

receipt of these materials in the CIP office, a copy of the data will be returned to you for printing in the book, usually on the verso of the title-page

Who should supply the CIP data where more than one city is used in the imprint with the name of only one Publisher?

The first city/town mentioned will determine which National CIP programme

should supply the CIP data for example, if Abuja, Abidjan, Accra and Lome are used in the imprint with the name of only one Publisher, the National Library of Nigeria will be responsible, since Abuja is mentioned first.

Who supplies the CIP data when there are dual imprints which represent publishers in two separate countries?

Two sets of CIP data – may be obtained. In case of Longman, Macmillan, UPL etc, the National Library of Nigeria will supply one set and the British Library a second and it is left to the Publisher to decide which one he should print in the book. There is no need to print the two sets of data in the same book.

Where the CIP data should be printed?

The CIP data should be printed without alteration on the verso page i.e the reverse page of the title page and with the heading: National Library of Nigeria CIP data.

Does the programme benefit Authors and Publishers?

Yes.

- You will be advised and assisted with the layout of your forth-coming titles
- Stimulate sales by including it in the NBN
- Foster cooperation between Publishers, Authors, Booksellers and Librarians
